PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided on-site technical support to end-users, resolving hardware, software, and network connectivity issues across a user base of approximately **350 employees**.
- Managed and updated IT asset inventory records for over **400 devices**, ensuring accurate tracking and maintenance of equipment lifecycle status.
- Performed imaging and refreshing of **Windows and macOS computers**, configuring new machines and ensuring operational readiness for new hires.
- Troubleshoot and resolved common IT problems including printer malfunctions, application errors, and network access challenges, maintaining an average ticket resolution time of **under 4 hours**.
- Assisted in the setup and testing of **audio and video equipment** for conference rooms and live events, including projectors, microphones, and video conferencing systems.
- Collaborated with senior technicians on complex issues and process improvements, contributing to a **15% reduction** in recurring support ticket escalations.

SKILLS

Field Support – On-site support, Remote support, Smart Hands Support, Troubleshooting

Audio/Video – Projectors, Microphones, Video Conferencing Systems, AV Equipment (Crestron, Logitech)

Asset Management – Inventory Tracking, Asset Refreshing, Imaging Devices, ServiceNow

Operating Systems – Windows, macOS, Linux

Core IT – Hardware Troubleshooting, Software Troubleshooting, Network Connectivity, MS Office, MS Teams

Professional Skills – Customer Service, Technical Documentation, Problem-Solving, Team Collaboration

PROJECTS

Office IT Infrastructure Support Enhancement (HCL Technologies)

- Streamlined the process for imaging and deploying new employee laptops, reducing the setup time per machine by an average of **30 minutes**.
- Developed a Python script to automate the initial configuration of standard software packages on newly imaged machines, improving deployment consistency.
- Maintained detailed logs of all hardware and software assets, ensuring accurate inventory data for over **500 assets** across multiple departments.

Conference Room AV System Upgrade (HCL Technologies)

- Supported the installation and configuration of new **video conferencing systems** and projectors in 10 meeting rooms.
- Documented troubleshooting steps for common AV issues, creating a knowledge base that reduced support requests by approximately **20%** for AV-related problems.
- Assisted end-users with the operation of AV equipment during live meetings and presentations, ensuring smooth event execution.
