PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Architected and developed scalable UIs using **React** and **TypeScript**, ensuring high standards for performance and accessibility across a global platform.
- Developed and maintained efficient **Node.js** RESTful APIs using **Express**, supporting frontend requirements and core business logic with **OpenAPI** documentation.
- Implemented **Test-Driven Development (TDD)** practices, writing comprehensive test suites with **Jest** and **React Testing Library**, reducing critical bugs by **30%**.
- Collaborated on integrating **AI-driven features** into the customer-facing web experience, enhancing user journeys through intelligent workflows.
- Maintained design consistency and built functional interfaces by leveraging **Tailwind CSS** and **shadcn/ui** component library.
- Optimized full-stack efficiency by collaborating on **Node.js** services and RESTful API integrations, improving data retrieval times by **15%**.

SKILLS

Frontend – React, TypeScript, Tailwind CSS, shadcn/ui, HTML, CSS.

Backend – Node.js, Express, RESTful APIs, OpenAPI (Swagger).

Testing – TDD, Jest, React Testing Library.

AI Integration – AI-driven features, LLMs.

DevOps & Cloud – Docker, CI/CD, GCP, Git.

Databases – PostgreSQL, MySQL, Oracle, SQL.

PROJECTS

AI-Enhanced Travel Connectivity Platform (HCL Technologies)

- Developed a full-stack application prototype integrating **AI-driven personalization** for travel eSIM recommendations, utilizing **Node.js** for backend services and **React** for the frontend.
- Implemented **OpenAPI** specifications for RESTful APIs, ensuring clear contracts between frontend components and backend logic for data retrieval and user management.
- Authored detailed technical documentation and conducted peer code reviews to uphold code quality and facilitate knowledge sharing among the development team.

Scalable eSIM Management System (HCL Technologies)

- Built a scalable backend service using **Node.js (NestJS)** and **PostgreSQL** to manage eSIM profiles and activation workflows for enterprise clients.
- Designed and implemented RESTful APIs with a focus on performance and security, supporting dynamic data fetching for a **React**-based administrative dashboard.
- Containerized the application using **Docker** for consistent local development and deployment, ensuring parity with cloud environments.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
