PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained frontend components for an enterprise UI, integrating **React** and **Typescript** to deliver core product features.
- Collaborated with product managers and design teams to translate user requirements into functional **frontend web applications**, ensuring alignment with the product roadmap.
- Implemented **RESTful API** integrations within a **Java Spring Boot** microservices architecture, facilitating seamless data exchange between frontend and backend services.
- Managed code versioning and branching strategies using **Git**, participating in code reviews and adhering to professional software development practices within an **Agile/Scrum** framework.
- Scripted **Python** automation tasks for data validation and scheduled reporting, improving operational efficiency for internal tooling.
- Supported production enterprise applications on **AWS**, performing log analysis and incident response using tools like **Splunk** and **CloudWatch**.

SKILLS

Frontend Development – React, Typescript, JavaScript, HTML, CSS, Next.js, Zustand, Apollo Client, React-ace

Backend & API – RESTful API, Java Spring Boot, Python, FastAPI
