PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided **desk-side support** and **remote troubleshooting** for PC and laptop hardware and applications, resolving an average of 12 incidents per day.
- Configured and deployed **workstation hardware and software** for new hires and system upgrades, managing asset recovery processes for 8-10 devices weekly.
- Maintained and repaired **workstation spare parts**, completing upgrades and fulfilling hardware requests for an 8-person support team.
- Supported **meeting room environments** including video conferencing equipment and peripherals such as printers and scanners, ensuring operational readiness for ~25 meeting rooms.
- Managed **end-user data backup and restoration** services as required, facilitating data recovery for approximately 5 users per month.
- Responded to technical inquiries from the **Sales department**, providing clear explanations of hardware and software capabilities to support pre-sales activities.

SKILLS

Hardware & Software Support – PC, Laptop, Printers, Scanners, Mobile Devices (iPad, iPhone), Apple MAC, Peripherals, Warranty Repair, Deployment, Installation, Break/Fix, Upgrades

Troubleshooting & Diagnostics – Remote Support Tools, Desk-side Support, Incident Management, SLA Compliance, Pressurised Environment

Operating Systems & Applications – Windows, macOS, Application Configuration, Software Installation

System Administration – Workstation Asset Recovery, Data Backup and Restoration

Communication & Collaboration – Technical Questions, Sales Department Support, End-User Support, Meeting Room Support, Video Conferencing

PROJECTS

Enterprise Workstation Deployment Initiative

- Engineered an automated deployment script using **Python** for new workstation setups, reducing manual configuration time by **40%** per device.
- Developed standardized **imaging and configuration processes** for Windows and macOS environments, ensuring consistent application stacks across 50+ new hire deployments.
- Collaborated with IT operations to integrate the deployment script into the existing **CI/CD pipeline**, enabling streamlined, repeatable workstation provisioning.

Peripheral Device Support & Maintenance Framework

- Created comprehensive troubleshooting guides and runbooks for common issues with **printers, scanners, and mobile devices**, decreasing average resolution time by **22%**.
- Managed inventory and repair coordination for **peripheral spare parts**, ensuring availability for critical replacements and reducing device downtime.
- Supported the setup and maintenance of **video conferencing systems** in 15 meeting rooms, resolving connectivity and audio/visual issues for executive presentations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
