PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Facilitated workshops and gathered requirements from **HR, Reward, and business stakeholders** to define system needs for the **Workday platform**.
- Translated business requirements into detailed **Workday functional specifications** and **user stories**, ensuring clear acceptance criteria for development teams.
- Supported the implementation of automated solutions to reduce **manual processes** within HR operations, aligning with **Workday best practices**.
- Developed and maintained comprehensive process documentation, including detailed **process flows**, **SOPs**, and configuration guides for **Workday Advanced Compensation**.
- Assisted in the creation and embedding of **HR data governance** frameworks, including data definitions and **data quality controls** for enterprise systems.
- Supported User Acceptance Testing (UAT) planning and execution, including the creation of **test scripts** and managing defect resolution for system updates.

SKILLS

Workday – Workday HCM, Workday Advanced Compensation, Tenant Review, Troubleshooting

Business Analysis – Requirements Gathering, Process Mapping, Functional Specifications, User Stories, Acceptance Criteria, UAT Planning & Execution, Defect Management

HR Processes – Core HR, Talent Management, Compensation, HR Data Governance, Data Definitions, Data Quality Frameworks, Change Governance

Technical Skills – Process Improvement, Automation, System Configuration, Reporting, Integration

Documentation – Process Documentation, SOPs, Configuration Guides, Change Logs, Process Flows

PROJECTS

Workday Advanced Compensation Module Enhancement (HCL Technologies)

- Collaborated with HR and Reward teams to map end-to-end processes for the **Workday Advanced Compensation module**, identifying areas for streamlining.
- Documented functional specifications and acceptance criteria for configuration changes, ensuring alignment with business needs and **Workday best practices**.
- Supported UAT phase by developing test cases and triaging defects, contributing to the successful rollout of new compensation features.

HR Data Governance Framework Implementation (HCL Technologies)

- Assisted in defining and documenting **HR data definitions** and establishing **data quality controls** for core HR systems.
- Mapped existing HR data flows and processes, identifying risks and recommending improvements for better data integrity and governance.
- Supported the implementation of change governance processes for HR data, ensuring adherence to regulatory awareness standards.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
