PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the daily processing and delivery of license keys, ensuring a response time of under **24 hours** for all internal and customer queries.
- Prepared detailed **customer pricing simulations** and conducted financial analysis to support commercial proposals for enterprise clients.
- Analyzed complex **contractual terms** and legal documentation to address internal and external inquiries, ensuring compliance and accuracy.
- Assisted in the development and refinement of **scalable commercial processes**, improving efficiency for license key management across multiple business units.
- Collaborated with **sales and legal teams** to draft and review commercial proposals, ensuring alignment with customer needs and company policy.
- Contributed to the integration of newly acquired companies by mapping and standardizing their **license key management** workflows into existing systems.

SKILLS

Commercial Acumen – Customer Pricing Simulations, Financial Analysis, Contractual Terms Analysis, Commercial Proposals, B2B Sales

Process Management – Scalable Commercial Processes, License Key Management, Workflow Automation, Process Improvement

Analytical Skills – Critical Thinking, Attention to Detail, Problem Solving, Data Analysis, Multi-tasking

Customer Interaction – Customer Queries, Relationship Management, Interpersonal Skills, Communication (Verbal & Written)

Software & Tools – Microsoft Office Suite, Excel, PowerPoint, Salesforce, Jira, Confluence, Python, SQL, Java Spring Boot

PROJECTS

License Key Management System Enhancement (HCL Technologies)

- Developed Python scripts to automate the generation and distribution of **license keys**, reducing manual intervention by 40% and decreasing delivery time to customers.
- Integrated with internal CRM systems using **SQL** to pull customer data for accurate license provisioning, ensuring data integrity for over 5,000 customer accounts.
- Designed and implemented a reporting module using **Excel and VBA** to track key metrics such as response times and query resolution rates for the support team.

Financial Analysis Dashboard for Sales Proposals (MSc Data Analytics)

- Created interactive **Power BI dashboards** to visualize pricing scenarios and financial projections for complex B2B sales proposals, enabling faster decision-making for the sales team.
- Modeled financial data using **DAX** and performed ETL operations with **Power Query** to consolidate information from multiple sources, ensuring accurate and up-to-date analysis.
- Presented dashboard findings and insights to stakeholders, facilitating a clearer understanding of deal profitability and customer value across 15+ simulated proposals.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
