PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained a **Shopify Plus storefront** for a global brand, translating **Figma designs** into responsive, accessible front-end code, improving user experience across devices.
- Built and managed **Shopify theme customizations** using **Liquid**, **JavaScript (ES6+)**, and **SCSS**, integrating modern build tools to enhance site performance and maintainability.
- Implemented integrations with third-party MarTech systems, including **email marketing platforms** and **analytics tools**, to support e-commerce operations and conversion optimization.
- Collaborated with senior technical stakeholders to develop and test new features and platform capabilities for the e-commerce site, contributing to architectural decisions.
- Ensured adherence to web accessibility standards (**WCAG**) and e-commerce UX best practices, contributing to a faster, more accessible user journey.
- Participated in code reviews and technical discussions, focusing on writing clean, maintainable code and supporting architectural decisions for the e-commerce platform.

SKILLS

E-commerce Platforms – Shopify Plus, Liquid, Shopify CLI

Frontend Development – JavaScript (ES6+), HTML, CSS, SCSS, Responsive Design, Web Accessibility (WCAG)

Design & Prototyping – Figma, Design Systems

APIs & Integrations – REST, GraphQL, Third-Party Integrations, MarTech Tools

Development Tools & Practices – Git, GitHub, CI/CD, Code Reviews, Agile/Scrum, AI-assisted Development Tools

Backend & Scripting – Python, Java, Spring Boot, SQL, AWS, Docker, Linux

PROJECTS

Shopify Plus Storefront Enhancement (HCL Technologies)

- Developed a responsive and accessible e-commerce storefront using **Shopify Plus** and **Liquid**, translating client design mockups into a high-fidelity user experience.
- Integrated a third-party **email marketing platform** and **analytics suite** into the storefront, enabling targeted customer communication and performance tracking.
- Refactored core theme JavaScript to improve page load times by **18%** and ensure seamless functionality across desktop and mobile devices.

E-commerce Feature Integration (HCL Technologies)

- Built custom theme components and landing pages using **JavaScript (ES6+)** and **SCSS**, directly addressing client requests for new promotional features.
- Implemented a series of **A/B tests** on key conversion elements, analyzing results to inform iterative design improvements and optimize user flow.
- Managed code versions and collaborated with a small team using **Git/GitHub** workflows for theme development and deployment cycles.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
