PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided on-site **technical support** to end-users across multiple office locations, resolving approximately **15-20 IT issues** per week related to hardware, software, and network connectivity.
- Learned to identify and resolve common IT issues, troubleshooting **hardware and software problems**, and escalating complex tickets to Tier 2 support teams within an **8-hour SLA**.
- Assisted in the setup, configuration, and maintenance of end-user devices and peripherals, including **laptop imaging** and software deployment for new hires, managing an average of **5 new setups** weekly.
- Maintained an organised inventory of IT assets and resources, tracking over **300 devices** using ITAM tools and ensuring accurate asset allocation for new project deployments.
- Collaborated with cross-functional teams, including network and system administrators, to ensure seamless ticket escalations and prompt resolution for **access requests** and permission management.
- Contributed to IT projects, including the phased rollout of a new **Office 365** suite upgrade across 150 users and assisting with hardware refresh initiatives.

SKILLS

IT Support – Technical Support, Troubleshooting, End-User Support, Issue Resolution, Ticket Escalation, On-Site Support

Directory Services – Active Directory, Azure AD, Security Groups, Access Management, Permissions Management

Productivity Software – Office 365, Software Installation, Hardware Maintenance, Peripherals

IT Operations – IT Asset Management (ITAM), Inventory Management, Change Management, SLA Management

Core Technologies – Linux, Shell Scripting, Python, SQL, Java, Spring Boot, AWS, Docker, Git, Jenkins

PROJECTS

Office 365 Deployment and Support Initiative (HCL Technologies)

- Managed the technical onboarding and migration of **50+ users** to the new Office 365 platform, coordinating with departmental leads to minimize disruption.
- Developed troubleshooting guides for common Office 365 issues, reducing Tier 1 support ticket volume for the migration team by approximately **30%**.
- Configured and deployed new user accounts, email, and core applications within the Azure AD environment, ensuring adherence to security group policies.

IT Asset Management System Enhancement (HCL Technologies)

- Assisted in the implementation and configuration of an IT Asset Management system, helping to catalog and track over **400 IT assets**.
- Automated data entry processes for new hardware procurement using **Python scripts**, reducing manual input time by an estimated **20%**.
- Generated regular reports on asset allocation and lifecycle status for IT management, supporting strategic hardware refresh planning.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS
