PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Analyzed and appraised statistical aspects of pre-marketing applications, including **medicines dossiers** and **clinical trial applications**, preparing detailed assessment reports for multi-disciplinary teams.
- Provided statistical advice to internal teams and external stakeholders, including **investigators and sponsors**, ensuring accurate and unbiased presentation of study results and conclusions.
- Contributed to peer review of national and EU scientific evaluation documents, offering expertise on statistical methodology and its application in drug regulatory contexts.
- Maintained and enhanced personal technical competence by researching and incorporating new **statistical methodology** relevant to the regulation of medicines.
- Collaborated with cross-functional teams to deliver **data analysis** supporting policy direction and strategic objectives of the organization.
- Participated in strategic visioning and business development initiatives, contributing to the creation of operational objectives for the statistics section.

SKILLS

Biostatistics & Statistics – Statistical Methodology, Medical Statistics, Biostatistics, Clinical Trial Design, Sample Size Calculation, Sensitivity Analysis, Missing Data Imputation, Drug Development Process, Pre-clinical, Quality, Clinical, Post-approval, Statistical Software Packages

Data Analysis & Reporting – Data Analysis, Assessment Reports, Scientific Information Analysis, Regulatory Body Applications, Life Science Data

Software & Tools – R/RStudio, Python (pandas, NumPy, scikit-learn), SQL, Microsoft Excel, Microsoft Word, Microsoft PowerPoint, Microsoft Teams, Outlook

Regulatory & Compliance – Marketing Authorisation Applications, Clinical Trial Applications, Drug Regulatory Agency Experience, Good Drug Development Practices

Communication & Collaboration – Multi-disciplinary Readership, Stakeholder Communication, Negotiation, Decision Making, Knowledge Sharing, Peer Review, Cross-functional Teams

PROJECTS

Statistical Assessment of Pharmaceutical Dossiers (HCL Technologies)

- Critically appraised the statistical design and analysis plans for **pre-clinical and clinical trial applications**, evaluating methodologies for robustness and validity.
- Authored comprehensive assessment reports detailing statistical findings and recommendations for a **national regulatory body** client, ensuring clarity for non-statistical readers.
- Provided in-house statistical expertise to other technical sections, facilitating a shared understanding of complex data and analytical approaches.

Clinical Trial Data Analysis & Reporting (MSc Applied Project)

- Applied advanced statistical methods using **R/RStudio** to analyze data from a simulated clinical trial, focusing on hypothesis testing and time-series analysis.
- Developed interactive dashboards in **Power BI** to visualize trial outcomes and present key findings, including **DAX measures** for performance indicators.
- Documented the statistical approach and analysis results, contributing to a final report that informed potential strategic decisions for the trial.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
