PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed time-sensitive logistics for material delivery and production schedules, ensuring adherence to **GMP requirements** and industry standards for parenteral medicines.
- Collaborated with internal teams and **external manufacturing partners** to forecast, schedule, and execute shipments, accommodating ad-hoc requests to support operations.
- Coordinated with **Contract Manufacturing Organizations (CMOs)** and third-party logistics providers to resolve documentation errors and eliminate shipment delays.
- Led cross-functional meetings with internal stakeholders and CMOs to drive on-time shipment schedule adherence for critical product flows.
- Maintained critical **databases** for accuracy and integrity, preparing reports and analyzing data to support KPIs and business operations.
- Served as the primary 'Shipment Requestor' for external manufacturing operations, authoring and verifying SOPs and Work Instructions.

SKILLS

Logistics & Supply Chain – External Manufacturing, Supply Chain Management, Production Schedules, Shipment Scheduling, GMP, Trade Compliance, 3PL

Data Analysis & Reporting – Data Analysis, KPI Reporting, Database Maintenance, Business Operations, Data Integrity

Communication & Collaboration – Cross-Functional Meetings, Stakeholder Management, Written Communication, Oral Communication, Active Listening, Interpersonal Skills

Project Management & Operations – SOP Development, Work Instructions, Process Improvement, Change Management, UAT Support, Incident Response

Core Software & Tools – Microsoft Excel, Microsoft PowerPoint, Microsoft Word, SharePoint, Box, Jira, Confluence

Domain Knowledge – Parenteral Medicines, Pharmaceutical Supply Chain, External Manufacturing Operations

PROJECTS

External Manufacturing Logistics Optimization (HCL Technologies)

- Analyzed historical shipment data for a financial services client to identify bottlenecks in the **transaction processing workflow**, contributing to a 15% reduction in average processing time for specific message types.
- Developed **Python scripts** to automate the generation of daily operational reports for transaction monitoring, consolidating data from PostgreSQL and reducing manual reporting effort by 4 hours per week.
- Collaborated with business analysts to gather requirements for enhancing the **payments operations dashboard**, focusing on improved alerting for failed transactions.

Enterprise Systems Integration & Data Flow (HCL Technologies)

- Supported integration efforts between an ERP system and other enterprise platforms, focusing on data consistency across **PostgreSQL** and Oracle databases.
- Designed and implemented **REST APIs** for cross-system data exchange, enabling more efficient data flows between internal operational tools.
- Managed change requests for system configurations and coordinated User Acceptance Testing (UAT) for critical business system updates.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
