PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained **.NET C#** backend services, implementing **REST APIs** for core application functionality and integrating with upstream data sources.
- Built responsive and user-friendly interfaces using **React**, translating UI/UX design mockups into interactive web components and ensuring cross-browser compatibility.
- Collaborated with product managers and cross-functional teams in **Agile ceremonies** to refine requirements, plan sprints, and deliver features iteratively.
- Contributed to architectural discussions, proposing and implementing technical improvements for scalability and maintainability of web applications.
- Wrote clean, well-tested code adhering to **.NET** and **React** best practices, participating actively in **code reviews** to ensure code quality and knowledge sharing.
- Managed application deployments and configuration updates using **Microsoft Azure** cloud services, ensuring smooth transitions and adherence to release schedules.

SKILLS

Backend Development – .NET, C#, REST APIs, Microservices Architecture

Frontend Development – React, UI/UX Design Principles

Cloud & DevOps – Microsoft Azure, Azure DevOps, CI/CD Pipelines

Databases – SQL

Development Practices – Git, Agile Methodologies, Code Reviews

PROJECTS

Enterprise Application Modernization (HCL Technologies)

- Migrated legacy Java components to a modern **.NET Core** microservices architecture, improving system performance by an estimated **20%**.
- Developed new **REST APIs** in C# to support enhanced data retrieval and processing for critical business operations.
- Implemented comprehensive unit and integration tests, achieving over **85% code coverage** for newly developed modules.

Customer Portal Redesign (HCL Technologies)

- Rebuilt the customer-facing portal using **React**, focusing on improved usability and a more intuitive user experience based on stakeholder feedback.
- Integrated the frontend with existing backend systems via new **REST APIs**, facilitating seamless data flow and user interactions.
- Designed and implemented interactive data visualizations within the portal, enabling clients to better understand their service usage patterns.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
