## PROFESSIONAL EXPERIENCE

### Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed custom WordPress themes and integrated **ACF** for dynamic content management, delivering **8 client websites** within a 6-month period.
- Implemented theme customizations and **Liquid templating** for Shopify stores, enhancing user experience and product presentation for **5 e-commerce clients**.
- Built and maintained REST APIs using **Java Spring Boot** to facilitate cross-system integrations, supporting data exchange for interconnected enterprise platforms.
- Managed and resolved website updates, fixes, and queries through an internal **ticketed support system**, maintaining response times for an average of **45 tickets per week**.
- Collaborated directly with designers to translate **Figma mockups** into accurate, responsive web builds, ensuring adherence to visual specifications and brand guidelines.
- Participated in scoping sessions and client workshops, providing technical input on feasibility and identifying potential scope changes or technical risks early in the project lifecycle.

## SKILLS

**Frontend Development** – WordPress, Headless CMS, Shopify, HTML, CSS, JavaScript, Figma, Tailwind CSS, Liquid templating

**Backend Development** – Java, Spring Boot, REST APIs, Python

**CMS & E-commerce** – ACF, WooCommerce, Shopify App Integration

**Databases & Integrations** – PostgreSQL, MySQL, Oracle, CRM integrations, Analytics integrations

**Development Practices** – Git, Jenkins, Agile/Scrum, Code Reviews, Technical Documentation, SEO Best Practices

**Operations & Support** – Ticketed Support Systems, Incident Response, Change Management, Production Monitoring

## PROJECTS

### Custom E-commerce Platform Development

- Developed a custom Shopify theme from scratch, incorporating **Liquid templating** and advanced **WooCommerce** integrations for a client requiring unique product display and checkout flows.
- Built a responsive frontend for a headless CMS-driven website using **React** and **Tailwind CSS**, enabling content managers to update site elements easily via a simplified admin interface.
- Integrated third-party booking and payment gateway APIs, ensuring secure data transmission and seamless transaction processing for an online service provider.

### WordPress Website Overhaul & Performance Optimization

- Refactored an existing WordPress site's architecture, replacing a bloated page builder with custom theme development and **Advanced Custom Fields (ACF)**, improving load times by **30%**.
- Implemented core web performance and SEO best practices, including image optimization and efficient CSS/JS delivery, enhancing search engine visibility and user engagement.
- Managed code reviews and version control using **Git**, ensuring code quality and maintainability for a team of 3 developers working on the project.

## EDUCATION

**M.Sc. Data Analytics** — National College of Ireland, Dublin

Feb 2026

**B.E. Computer Science** — SNS College of Technology, Coimbatore, India

2021

## CERTIFICATIONS

---

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
