PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Designed and implemented overall **UI architecture** for several large workflow components using **TypeScript** and **React**, ensuring scalability and maintainability.
- Developed multiple complex **UI components** within individual workflow applications, adhering to best-practice **React** and **TypeScript** patterns.
- Mentored and provided technical guidance to junior engineers on modern **JavaScript/TypeScript** library and tooling usage, enhancing team productivity.
- Followed **test-driven development** best practices for UI implementations, contributing to higher code quality and reduced defect rates.
- Participated in regular **code reviews**, offering constructive feedback and ensuring adherence to established coding standards and architectural designs.
- Integrated front-end applications with back-end services via **REST APIs**, handling data retrieval and manipulation for dynamic user interfaces.

SKILLS

Frontend Development – TypeScript, React, Redux, UI Architecture, UI Components, React based UI design systems, MVC style frameworks

Backend & Integration – Java Spring Boot, REST APIs, Python, GraphQL, RPC

Databases – SQL, PostgreSQL, MySQL, RDBMS

DevOps & Tools – Docker, Containerization, Jenkins, Git, Jira, Confluence

Data & Analytics (MSc) – Power BI, Tableau, R, pandas, NumPy, scikit-learn, DAX, Power Query

Domain Knowledge – Legislative workflow management, Document management, Document workflow software

PROJECTS

Legislative Workflow Management UI

- Developed core **UI components** for a legislative workflow management tool using **TypeScript** and **React**, focusing on modular design.
- Implemented state management with **Redux** to handle complex data flows for document processing and user interactions.
- Collaborated with backend teams to define and consume **RESTful APIs**, enabling seamless data exchange for workflow progression.

Enterprise Data Visualization Dashboard

- Engineered interactive **dashboards** using **Power BI** to visualize key operational metrics for enterprise stakeholders.
- Developed complex **DAX measures** and utilized **Power Query** for data transformation and modeling, ensuring data accuracy.
- Designed and published reports that provided actionable insights into system performance and user activity.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India
