PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Assisted in coordinating and planning **construction projects** from initiation to completion, ensuring adherence to timelines and budgets under senior management guidance.
- Supported the development and monitoring of **project programmes** and schedules, tracking key milestones and proactively reporting any identified delays or risks.
- Coordinated site activities and logistics between subcontractors and trades, ensuring efficient sequencing of works and clear communication channels.
- Liaised with clients, consultants, and suppliers to facilitate project progress and address any emergent queries or requirements.
- Participated in site visits to monitor adherence to **construction drawings** and specifications, reporting on progress, quality, and compliance.
- Maintained accurate **project documentation** and records, including meeting minutes and action item follow-ups, to ensure comprehensive project traceability.

SKILLS

Project Management Tools – Microsoft Project, BIM, Autodesk Revit

Construction Management – Planning, Scheduling, Budgeting, Cost Control, Quality Standards, Health and Safety Procedures

Documentation & Reporting – Progress Reports, Meeting Minutes, Action Item Tracking, Regulatory Compliance

Stakeholder Management – Client Liaison, Subcontractor Coordination, Consultant Communication

Core Office Software – Microsoft Excel, Microsoft Word, Microsoft Office Suite

PROJECTS

Site Logistics and Subcontractor Sequencing Platform (HCL Technologies)

- Developed a system to track and coordinate site activities and logistics, improving the sequencing of works between multiple subcontractors by streamlining communication and dependency mapping.
- Integrated a basic dashboard to visualize critical path items and potential bottlenecks, reducing instances of work stoppages by an estimated 15% on pilot projects.
- Documented standard operating procedures for subcontractor onboarding and daily site coordination meetings, enhancing overall project flow.

Construction Project Documentation and Reporting System (HCL Technologies)

- Built a centralized repository for project documentation, including site visit reports, compliance checks, and progress updates, using internal HCL tools.
- Automated the generation of weekly progress summary reports by scripting data aggregation from various input logs, saving approximately 4 hours of manual effort per report.
- Designed templates for standardized incident reporting and defect tracking, ensuring consistent data capture for issue resolution.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
