PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Maintained **IT and RF equipment** within Emergency Services vehicles and Control Centres, ensuring operational readiness for critical communications.
- Executed **preventative maintenance** and **break/fix support** for MDTs, TETRA systems, and associated network hardware, escalating recurring faults to engineering teams.
- Completed and submitted accurate **site documentation** for all maintenance and repair activities, adhering to strict deadlines and quality standards.
- Provided **out-of-hours on-call support**, responding to critical incidents and ensuring minimal disruption to service operations.
- Monitored network solutions and ICT infrastructure to proactively identify and address potential outages, assisting with **root cause analysis** for service degradations.
- Managed daily workflow and escalated third-party requirements, successfully completing **RMA processes** for faulty hardware components.

SKILLS

Network & Infrastructure – IT Networks, ICT Infrastructure, Routers, IP, Wireless Networks, Wired Networks, RF Communications, Radio Frequency Equipment, Radio Frequency Products

Hardware Maintenance – MDTs, TETRA Systems, RF Connectors, IT Connectors, Equipment Maintenance, Break/Fix Support, Preventative Maintenance, RMA Processes

Operations & Support – Field Experience, On-call Support, Site Documentation, Workflow Management, Incident Response, Root Cause Analysis, QEHS Standards, ISO Standards

General IT – PCs, Linux

Soft Skills – Problem-Solving, Quick Learner, Health and Safety Understanding, Collaboration

PROJECTS

Emergency Services Vehicle Comms System Upgrade (HCL Technologies)

- Upgraded **TETRA systems and MDTs** in over 50 Emergency Services vehicles, integrating new RF connectors and ensuring seamless data flow for field operations.
- Performed comprehensive **pre- and post-upgrade testing**, including signal strength checks and data transmission validation, to confirm system integrity.
- Documented the entire upgrade process, including hardware configurations and network settings, creating a reusable playbook for future deployments.

Control Centre Network & RF Equipment Support (HCL Technologies)

- Provided **field support** for routers and RF equipment within Emergency Services Control Centres, addressing connectivity issues and optimizing signal performance.
- Diagnosed and resolved complex **network faults**, applying IP and RF troubleshooting techniques to restore service rapidly.
- Collaborated with control centre operations teams to understand system requirements and ensure equipment met stringent operational standards.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
