PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Defined and managed the **data index system** and key metrics for an enterprise operations dashboard, identifying **3 critical pain points** that informed a roadmap for **platform improvements**.
- Translated business requirements into clear **product documentation (BRD)** for a new **automation tooling governance framework**, coordinating with R&D; teams for successful implementation.
- Proactively tracked and managed the progress of **platform requirements** for a cross-functional project, ensuring timely verification and launch of **new moderation features**.
- Created and maintained comprehensive **platform operation documents** and led 3 training sessions for 45+ users on new features, boosting adoption by an estimated **20%**.
- Designed and implemented **Python scripts** to automate data extraction and transformation for **AI application reporting**, reducing manual effort by approximately **15 hours per week**.
- Collaborated with R&D;, business, and legal teams to respond to urgent issues and coordinate resources, ensuring the smooth execution of **global projects** impacting **over 1000** internal users.

SKILLS

Business Analysis – User and Business Insight, Data Strategy, Product Implementation, Project Management, User Enablement, Process Optimization, Cross-Functional Collaboration, Business Requirements Analysis, User Feedback Analysis, User Research, Data-Driven Mindset, Logical Thinking, Problem-Solving, Business Abstraction

AI & ML – AI Infrastructure, LLMs, Agents, Machine Learning Fundamentals, Supervised Learning, Unsupervised Learning, Evaluation Metrics

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, Business Intelligence, Advanced Business Analytics, Data Visualization, Statistical Analysis, Exploratory Data Analysis, A/B Testing, Time-Series Analysis

Programming & Scripting – Python, Java, Spring Boot, R, pandas, NumPy, scikit-learn, SQL (PostgreSQL, MySQL, Oracle), Shell Scripting

Systems & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Linux, Docker, Jenkins, Git, Jira, Confluence, REST APIs, System Architecture, Automation Systems

Operations & Support – Production Support, Monitoring (Splunk, Dynatrace), SLA Management, Incident Response, Change Management, Operational Alerting, Process Improvement

PROJECTS

AI-Powered Content Moderation Tooling

- Developed a Python-based data pipeline to ingest and preprocess diverse content types (text, image, video) for an **AI model training** workflow, handling approximately **2,000 items per hour**.
- Built and evaluated a **gradient-boosted classifier** using scikit-learn on a dataset of 50,000 user-flagged items, achieving an **AUC of 0.82** for identifying policy violations.
- Designed and documented REST APIs using Flask to integrate the trained AI model with a human moderation platform, reducing manual review load for specific categories by **18%**.

Enterprise Operations Dashboard Enhancement

- Engineered a suite of 15 interactive **Power BI dashboards** to visualize key operational metrics for enterprise systems, consolidating data from PostgreSQL and Oracle databases.
- Implemented complex **DAX measures** for trend analysis and anomaly detection, providing stakeholders with actionable insights that informed a **10% improvement** in system performance tuning.
- Created reusable **Power Query** scripts to automate data extraction and transformation for the dashboards, reducing report refresh times from 2 hours to 30 minutes.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore,
India**

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
