PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Contributed to the development of a **software module** for automotive control units, adhering to rigorous **coding guidelines** and **company QA requirements**.
- Organized and executed **code reviews** for my own feature implementations, ensuring adherence to project standards and improving overall code quality.
- Authored comprehensive **module test reports**, detailing results and validating functionality against user specifications before integration.
- Managed and resolved assigned **tickets** in a **CM database**, implementing fixes and changes to software modules for a **team of 8 engineers**.
- Supported the team in the **testing and configuration of ECUs**, contributing to the overall system integration and validation process.
- Participated in **Agile/Scrum ceremonies**, reporting on software development activities and progress to the **software team leader**.

SKILLS

Programming Languages – C, C++, Python

Embedded Systems – Embedded Targets, Microcontrollers, DSP, ARM, Multi-core SoCs

Development Tools – Emulators, Debuggers, Version Control, Change Control Tools

Software Development Lifecycle – Module Development, Testing, Code Reviews, QA Processes, ASPIICE

Project Management – Ticket Tracking, Issue Tracking, Agile, Scrum

PROJECTS

Automotive ECU Software Module Development

- Developed a new **software module** for an automotive ECU, integrating with existing systems and meeting stringent performance requirements.
- Wrote extensive unit tests and generated a detailed **module test report**, achieving a 95% pass rate for all defined test cases.
- Collaborated with senior engineers on **code reviews** and integrated feedback to ensure compliance with **company software quality processes**.

Embedded Systems Testing and Configuration Support

- Assisted in the **testing and configuration of embedded control units (ECUs)**, working with various hardware targets including **ARM processors**.
- Generated **tickets for identified problems and issues** using a **version control system**, tracking them through to resolution.
- Supported the integration of the module into the larger system by performing basic **debugging** and analysing logs from **emulators**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
