PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained **software modules** for automotive systems, adhering to strict **coding guidelines** and **QA requirements**.
- Authored and executed comprehensive **module tests**, generating detailed **test reports** to ensure functional integrity and performance.
- Managed and updated work products within the **CM database**, ensuring traceability and adherence to **change control processes**.
- Implemented fixes and enhancements for assigned **tickets**, actively participating in the **issue tracking and resolution** lifecycle.
- Contributed to the configuration and testing of **ECUs**, supporting the team in validating embedded hardware-software interactions.
- Participated in **Agile ceremonies** and team meetings, providing updates on development activities to the **software team leader**.

SKILLS

Programming Languages – C, C++, Python

Embedded Systems – Microcontroller, DSP, ARM, Multi-core SoC's, ECU

Software Development Practices – Coding Guidelines, Module Testing, Test Reports, CM Database, Change Control, ASPICE

Tools & Technologies – Jira, Jenkins, Git

Development Methodologies – Agile, Scrum

PROJECTS

Embedded System Module Development (HCL Technologies)

- Developed a core **software module** for an enterprise application, ensuring compliance with internal **coding standards** and **ASPICE quality** requirements.
- Designed and implemented **unit tests** for the module, achieving over 90% code coverage and documenting results in a formal **test report**.
- Integrated the module into the main codebase via **Git**, managing code reviews and resolving merge conflicts to maintain a stable development branch.

Automated Reporting Pipeline (HCL Technologies)

- Engineered a **Python script** to automate the generation of daily operational reports from a PostgreSQL database, reducing manual effort by approximately 8 hours per week.
- Developed data extraction and transformation logic using **pandas** and **SQL**, handling approximately 5,000 records per run for business analyst review.
- Scheduled script execution via **cron jobs** on a Linux server and logged output to a file for audit purposes.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
