PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Supported Project Managers in the **delivery of assigned projects** on WasteWater Treatment Plants, ensuring adherence to contract requirements and client specifications.
- Collaborated with a **multi-disciplined engineering team** during the design and delivery stages of water treatment projects, contributing to equipment selection and procurement processes.
- Assisted in monitoring project progress against **budgets and timelines**, applying company procedures related to contract execution and project management.
- Maintained familiarity with project documentation and supported the site team with reporting on **programme progress**, including a weekly 3-week look ahead for the client.
- Ensured the highest standards of **health, safety, and environmental management** during construction phases, assisting with incident investigations and compliance with plans.
- Assisted in the review of third-party methodologies (RAMS/SSOW) and management of **subcontractor performance** and quality logs to resolve defects effectively.

SKILLS

Engineering Discipline – Mechanical Engineering, Water Treatment Plants, WasteWater Treatment Plants

Project Management – Project Delivery, Contract Execution, Budget Monitoring, Timeline Management, Programme Progress Reporting, 3-week Look Ahead

Health & Safety – H&S; Standards, Incident Investigation, Compliance Management, Construction Phase Plans, RAMS/SSOW Review

Site Coordination – Site Activities Coordination, Plant Equipment Inspection, Logistics Management

Quality & Subcontractors – Subcontractor Performance Management, Quality Logs, Defect Resolution

IT Skills – Microsoft Word, Microsoft Excel, Microsoft PowerPoint, MS Project

Communication – Client Liaison, Stakeholder Communication, Team Collaboration, Written Skills

PROJECTS

Water Treatment Plant Design & Construction Support

- Supported the design and construction phases for a municipal **fresh water treatment plant**, coordinating with senior engineers on equipment selection and site logistics.
- Assisted in developing weekly progress reports and a 3-week look ahead schedule for the project, contributing to the timely delivery of key milestones.
- Participated in **H&S; site audits** and reviewed subcontractor methodologies to ensure compliance with Veolia Minimum Requirements (VMR) standards.

Environmental Services Project Documentation & Reporting

- Managed and organized project documentation for multiple environmental service projects, ensuring all contract requirements were met and readily accessible.
- Contributed to the operational reporting by compiling data on project progress, budget adherence, and potential risks for senior management review.
- Collaborated with cross-functional teams to gather information for **client specification** updates and to track the resolution of any identified project issues.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
