PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed vendor relationships and **service contract records**, ensuring adherence to **service level agreements** and processing **service reports** for facilities operations.
- Initiated and reconciled **purchase requisitions** for facilities services and projects, meticulously matching them against invoices for completed work.
- Maintained comprehensive **asset registers** and updated the **facilities service request system**, ensuring accurate tracking of assets and service fulfillment.
- Supported EHS and **Health & Safety compliance** initiatives by diligently updating and maintaining relevant records.
- Coordinated office space planning and managed logistics for **people moves**, ensuring minimal disruption to daily operations.
- Oversaw the maintenance of **utilities records**, contributing to overall operational efficiency and cost management.

SKILLS

Administration & Operations – Purchase Requisitions, Invoice Reconciliation, Service Contracts, Service Level Agreements (SLAs), Vendor Management, Asset Registers, Facilities Service Request Systems, Utilities Records, Office Space Planning.

Compliance & Safety – EHS Records, Health & Safety Records, Compliance Standards.

Software & Tools – Microsoft Office Suite, Excel, Word, PowerPoint.

Communication & Interpersonal – Customer Service, Client Relations, Third-Party Communication, Relationship Building.

Analytical Skills – Record Reconciliation, Report Analysis, Problem-Solving, Continuous Improvement.

PROJECTS

Facilities Service Contract Management System (HCL Technologies)

- Developed a centralized system for tracking all facilities service contracts, including renewal dates, vendor contact information, and key terms.
- Implemented a workflow for reconciling purchase orders against invoices for contracted services, reducing processing time by an estimated 15%.
- Designed reporting dashboards within an internal tool to visualize contract statuses and upcoming renewals for the facilities management team.

Workplace Operations Efficiency Project (HCL Technologies)

- Managed the update of over 500 asset records within the facilities database, ensuring accuracy for inventory and maintenance planning.
- Streamlined the process for handling facilities service requests, leading to a 20% reduction in average response times for non-urgent issues.
- Assisted in coordinating a phased office relocation for a 50-person department, managing logistical details and communication with affected staff.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021
