PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Administered **Microsoft Azure** virtual networks, NSGs, DNS, and VPN Gateways to ensure secure and reliable customer connectivity.
- Managed user identity, access, and security permissions across multiple **Entra ID** environments for enterprise clients.
- Developed automation scripts using **PowerShell** and **Azure CLI** to streamline operational tasks and improve deployment efficiency for cloud services.
- Resolved complex cloud and endpoint support issues, acting as an escalation point for level 2 incidents within a managed service provider environment.
- Supported endpoint configuration and device management for a fleet of over 5,000 Windows endpoints using **Intune**.
- Contributed to new **Azure Virtual Desktop** (AVD) deployments and environment upgrades, managing host pools, session hosts, and FSLogix profiles.

SKILLS

Cloud Platforms – Microsoft Azure, Azure Virtual Desktop (AVD), Entra ID, Microsoft 365, Intune, PowerShell, Azure CLI

Operating Systems – Linux, Windows Endpoints

Networking – Virtual Networks (VNet), Network Security Groups (NSG), DNS, VPN Gateways

Support & Operations – IT Support, Incident Response, SLA Management, Change Management, Ticketing Systems (Autotask, HaloPSA)

Development Tools – Git, Jenkins, Docker

PROJECTS

Azure Infrastructure Modernization Project

- Migrated a key customer's on-premises infrastructure to **Microsoft Azure**, designing and implementing core networking components including VNets, NSGs, and VPN Gateways.
- Deployed and configured **Azure Virtual Desktop** environments, including setting up host pools, session hosts, and implementing FSLogix for profile management, supporting ~1,500 users.
- Developed **PowerShell** scripts to automate user onboarding and deprovisioning processes within **Entra ID**, reducing manual effort by approximately 40%.

Microsoft 365 Tenant Consolidation & Security Enhancement

- Administered and consolidated multiple **Microsoft 365** tenants, managing services like Exchange Online, Teams, and SharePoint for a unified client environment.
- Enhanced security posture by implementing conditional access policies and managing user permissions in **Entra ID**, addressing over 30 identified security vulnerabilities.
- Configured and managed endpoint devices using **Intune**, ensuring compliance with organizational policies and enabling remote management capabilities for ~700 devices.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
