PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Performed **physical, chemical, and chromatographic testing** on raw materials and finished goods, supporting **product release** and compendia analysis for an enterprise client.
- Prepared and updated **control forms**, standard operating instructions (SOIs), and general laboratory documentation, ensuring adherence to **cGMP and ISO compliance**.
- Generated **trend analyses and technical reports** based on laboratory data, providing actionable insights to lab management for process improvement.
- Supported **audit preparations** by maintaining an organized and compliant laboratory environment, contributing to successful internal and external inspections.
- Participated in **method transfer and validation projects**, developing competence with various analytical techniques and instrumentation.
- Investigated and resolved laboratory issues, including Out-of-Specification (OOS) results, collaborating with cross-functional teams to identify root causes and implement corrective actions.

SKILLS

Laboratory Analysis – Chemical Testing, Chromatographic Testing, Compendia Testing, Raw Material Analysis, Product Release Testing

Laboratory Operations – cGMP Compliance, ISO Compliance, Laboratory Documentation, Audit Preparation, OOS Investigations, Method Transfers, Method Validations

Analytical Instrumentation – AA, LC, GC, IR (Familiarity)

Data Analysis & Reporting – Trend Analysis, Technical Reports, Data Visualization

Software & Tools – Power BI, Tableau, R/RStudio, Python (pandas, NumPy, scikit-learn), SQL, Linux, Jenkins, Jira, Confluence

PROJECTS

Laboratory Data Analysis and Reporting System (HCL Technologies)

- Developed a **Python-based data pipeline** to automate the ingestion and processing of analytical test results from multiple lab instruments.
- Created interactive **Power BI dashboards** to visualize key quality metrics, track trends in test results, and highlight potential deviations for management review.
- Implemented automated report generation for weekly quality summaries, reducing manual reporting effort by approximately **15 hours per week**.

Analytical Method Validation Support (HCL Technologies)

- Assisted in the validation of new analytical methods for product testing, preparing and executing validation protocols under strict **cGMP guidelines**.
- Documented all experimental procedures and results meticulously, ensuring traceability and compliance with regulatory requirements for method verification.
- Collaborated with senior analysts to troubleshoot and refine method parameters, contributing to the successful qualification of **3 analytical methods**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
