PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained high-quality **iOS applications** using **Swift**, focusing on performance and user experience for enterprise clients.
- Implemented **CI/CD pipelines** and **Gitflow** practices, automating deployment processes and reducing release cycle times by approximately **20%**.
- Collaborated with cross-functional teams, including product managers and designers, to define requirements and deliver new features for enterprise applications.
- Conducted thorough **code reviews**, providing constructive feedback to peers and contributing to a consistent standard of code quality.
- Managed production environments for enterprise software, responding to P1/P2 incidents and ensuring adherence to strict service-level agreements.
- Authored technical documentation and runbooks for complex systems, improving knowledge transfer and reducing onboarding time for new team members by an estimated **15%**.

SKILLS

iOS Development – Swift, Objective-C, iOS SDKs, UIKit, SwiftUI

Development Practices – CI/CD pipelines, Gitflow, Automated Testing, Code Reviews, Agile (Kanban)

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins

Programming Languages – Java, Python, SQL

Databases – PostgreSQL, MySQL, Oracle

Tools & Platforms – Jira, Confluence, Splunk, Dynatrace, Power BI, Tableau

PROJECTS

Mobile Application Reliability Enhancement (HCL Technologies)

- Engineered robust error-handling mechanisms within a Java Spring Boot backend service that supported client-facing mobile applications, reducing critical runtime exceptions by **30%**.
- Developed automated monitoring scripts using Python to track application health and performance metrics, integrating with Splunk for real-time alerting on key operational indicators.
- Refactored existing API endpoints to improve response times, achieving a p95 latency reduction from 450ms to 280ms for core data retrieval operations.

Data Visualization Dashboard for Operations (HCL Technologies)

- Designed and built interactive **Power BI dashboards** to visualize operational data from financial services systems, providing actionable insights to business stakeholders.
- Developed complex **DAX measures** and **Power Query** transformations to aggregate and model data from multiple PostgreSQL and Oracle sources.
- Collaborated with operations teams to gather requirements for key performance indicators and reporting needs, delivering 12 distinct dashboard views.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
