+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • Stamp 1G — Full-Time Work Eligible

PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Analyzed and refined **model-generated video annotations** for hand movements and object interactions, ensuring **accuracy and precision** in describing actions.
- Validated and corrected **action timing** for video segments, ensuring precise start and end boundaries for labeled activities across thousands of review sessions.
- Assessed and edited **captions for atomicity**, confirming each label described a single, independent action, improving data integrity for AI training.
- Maintained consistent labeling quality by adhering to established **annotation rubrics** and structured review pipelines, flagging ambiguous labels for rework.
- Provided actionable feedback to enhance annotation models, collaborating with **team leads** to resolve edge cases and improve overall data quality.
- Managed daily throughput and quality targets autonomously, ensuring **reliable quality** throughout long video review sessions with high-speed internet.

SKILLS

Annotation Tools – CVAT, Labelbox, Scale, V7, Encord, Web-based annotation tools, Time-coded video platforms

Core Skills – Visual discrimination, Attention to detail, Process adherence, Autonomous work, Written communication, Verbal communication

AI Training Input – Video annotation, Model-generated video annotations, Action timing validation, Caption atomicity, Hand movement analysis, Object interaction description

Data Quality & Feedback – Annotation rubrics, Structured review pipelines, Actionable feedback, Edge case resolution

Technical Infrastructure – High-speed internet, Video playback capability

PROJECTS

Video Annotation Quality Assurance (HCL Technologies)

- Reviewed and corrected **model-generated video annotations** for a computer vision project, focusing on the precise identification of left and right hand usage in complex interactions.
- Developed a checklist based on project standards to assess and flag low-quality or ambiguous labels, contributing to a **15% reduction** in rework requests.
- Provided detailed feedback on annotation errors and edge cases to the model development team, aiding in the refinement of annotation guidelines.

Interactive Data Visualization Dashboard (MSc Project)

- Designed and built an **interactive Power BI dashboard** to visualize key performance indicators from video annotation datasets, enabling stakeholders to quickly assess labeling quality.
- Implemented **DAX measures** and **Power Query** transformations to aggregate and analyze annotation accuracy, timing consistency, and caption atomicity across multiple reviewers.
- Published the Power BI report to a shared workspace, allowing business analysts and team leads to monitor review progress and identify areas for process improvement.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
