PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Performed daily monitoring and troubleshooting for core enterprise software platforms, managing incident response for P1/P2 tickets within strict SLAs.
- Assisted with the configuration and deployment of identity platforms and collaboration tools, ensuring seamless user access and communication.
- Managed user lifecycles within **Okta** to ensure appropriate access controls, contributing to incident response efforts by participating in a regional on-call rotation.
- Supported the administration of **Microsoft Intune** for Mobile Device Management (MDM) solutions and assisted in managing end-user devices, including software deployments.
- Helped implement and enforce security measures like software patches and OS updates across European office environments, aligning with global standards.
- Documented technical processes and maintained knowledge base articles for the Service Desk, improving resolution times for common issues by approximately **15%**.
- Containerized backend services with **Docker** for consistent deployment across development and production environments on **AWS EC2**.

SKILLS

Identity & Access Management – Okta, User Lifecycle Management, Access Controls

Endpoint Management – Microsoft Intune, Jamf, MDM, Software Deployment, OS Updates

IT Support & Operations – ServiceNow, Jira, Ticket Escalation, On-Call Rotation, Incident Response

Collaboration Tools – Google Workspace, Microsoft O365, Slack

Networking & Infrastructure – Wi-Fi, VPN, Firewall Troubleshooting, Network Hardware Support

Containerization & Cloud – Docker, AWS EC2, AWS CloudWatch

PROJECTS

Enterprise Systems Monitoring & Automation (HCL Technologies)

- Developed **Python** scripts to automate ETL processes for daily operational reporting, reducing manual effort by **~30%** for the finance operations team.
- Implemented comprehensive monitoring dashboards using **Splunk** and **Dynatrace** for critical Java Spring Boot applications, enabling proactive identification of performance bottlenecks.
- Managed change control processes for system configuration updates across interconnected ERP and banking platforms, coordinating UAT and post-go-live support.

Workspace & Security Enhancement (HCL Technologies)

- Configured and deployed **Microsoft Intune** policies for a fleet of **~200** corporate laptops, enforcing security standards and application deployment.
- Contributed to the development of runbooks for common IT support scenarios, improving the Service Desk's first-contact resolution rate by an estimated **10%**.
- Assisted senior engineers with basic network troubleshooting and performance monitoring for EU office environments, ensuring stable connectivity for **~50** users.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
