PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Assisted with **Cybersecurity assessments** using the **CIS framework** to evaluate an enterprise client's security posture, identifying key areas for improvement.
- Supported **penetration testing activities** by conducting walkthroughs of technical findings and providing detailed remediation paths to customer teams.
- Contributed to **compliance assessments** for frameworks such as **ISO 27001** and **GDPR**, advising on monitoring strategies and continuous improvement initiatives.
- Developed technical documentation and **how-to guides** for internal teams and external stakeholders on system configurations and security protocols.
- Collaborated with **SOC Engineers** to support the delivery of **SIEM** service operations, including log analysis and alert correlation.
- Advised on the selection and implementation of appropriate **security tooling solutions** to enhance an organization's threat detection capabilities.
- Managed incident response for P1/P2 issues on enterprise applications, performing root cause analysis and coordinating fixes within strict **SLA** targets.

SKILLS

Cybersecurity Frameworks – CIS, NIST, ISO 27001

Compliance & Regulations – NIS2, DORA, AI Act, GDPR

Security Operations – SOC, SIEM, Penetration Testing Support, Incident Response

Tools & Technologies – ServiceNow, Splunk, Dynatrace, Jira, Confluence, Git, Jenkins, AWS

Programming & Scripting – Python, Java, SQL, Spring Boot

Infrastructure & Cloud – Linux, Docker, EC2, S3, Lambda

PROJECTS

Enterprise Security Posture Assessment

- Assessed the security posture of a large enterprise client's IT systems against the **NIST cybersecurity framework**, documenting vulnerabilities and control gaps.
- Developed a risk universe identifying inherent and residual risks, detailing control measures and potential impact across multiple business units.
- Provided recommendations for security awareness training programs and documented findings in comprehensive reports for executive stakeholders.

Cybersecurity Compliance and Remediation Support

- Supported a client's **ISO 27001** compliance audit by gathering evidence related to access control, incident management, and data protection policies.
- Assisted in the remediation planning phase for penetration test findings, prioritizing critical vulnerabilities and outlining actionable steps for mitigation.
- Maintained detailed technical documentation for security controls and processes, ensuring adherence to regulatory requirements like **GDPR**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
