PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained **Java Spring Boot** REST APIs for core platform services, handling over **5,000 requests per minute** during peak load.
- Managed production incident response for enterprise applications using **Splunk** and **Dynatrace**, resolving P1/P2 issues within defined SLAs.
- Automated data extraction and transformation tasks using **Python** scripting, reducing manual reporting effort by approximately **30%** for the finance operations team.
- Supported and integrated with enterprise business systems, coordinating change management processes and UAT for system configuration updates across interconnected platforms.
- Collaborated with a global team to provide **24-hour customer support** for Google Cloud customers, troubleshooting and resolving technical deployment obstacles.
- Debugged and reproduced customer-reported issues on **Google Kubernetes Engine (GKE)** deployments, contributing to faster root cause analysis and tool development for diagnosis.
- Containerized applications using **Docker** and managed deployments within a **Kubernetes** cluster, implementing basic resource limits for predictable performance.

SKILLS

Cloud Platforms – Google Cloud, AWS (EC2, S3, Lambda, CloudWatch)

Containerization & Orchestration – Kubernetes, Docker, GKE, Anthos

Programming Languages – Java, Python, SQL, Bash

Frameworks & Libraries – Spring Boot, pandas, NumPy, scikit-learn, Flask, FastAPI

Databases – PostgreSQL, MySQL, Oracle

DevOps & CI/CD – Jenkins, Git, Jira, Confluence

Networking & Web Tech – TCP/IP, HTTP, HTML, DNS, Load Balancing

PROJECTS

Platform Infrastructure Automation (HCL Technologies)

- Automated the provisioning and configuration of cloud infrastructure components using **Terraform** and **Bash** scripting on AWS.
- Developed **Python** scripts to streamline CI/CD pipeline deployments and manage artifact repositories, reducing deployment cycle time by **15%**.
- Implemented monitoring and alerting for infrastructure health using **CloudWatch**, ensuring timely notification of potential issues across development and staging environments.

Customer Cloud Deployment Support

- Assisted enterprise customers with deploying and configuring applications on **Google Kubernetes Engine (GKE)**, focusing on achieving product readiness and scale.
- Troubleshoot production workload issues across large-scale, multi-node environments, providing technical guidance to customer engineering teams on debugging containerized systems.
- Developed and updated internal documentation and runbooks to improve clarity on common deployment patterns and troubleshooting steps for **GKE** and related cloud services.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
