PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Designed and implemented secure Azure and Microsoft 365 solutions, focusing on **Entra ID** and **Conditional Access** policies to manage user authentication and access controls for enterprise clients.
- Delivered Microsoft 365 modernization projects, including tenant-to-tenant migrations and the deployment of **Defender for Endpoint** and **Purview** to enhance overall security posture.
- Conducted Copilot and AI readiness assessments for multiple clients, identifying and mitigating data exposure and access risks prior to adoption.
- Implemented and managed **Microsoft Purview**, configuring **Data Loss Prevention (DLP)** policies and Information Protection labels to safeguard sensitive data across client environments.
- Deployed and enhanced Microsoft 365 security configurations, integrating **Entra ID**, **Conditional Access**, and **Defender** suites to meet stringent compliance requirements.
- Performed on-site hardware installations and network configuration for Cisco Umbrella deployments to establish DNS-layer security for client networks.
- Managed and optimized **Azure Virtual Machines** and **Linux** server environments, ensuring high availability and performance for critical client workloads.

SKILLS

Cloud Platforms – Microsoft Azure, AWS, EC2, S3, Lambda, CloudWatch

Productivity & Collaboration – Microsoft 365, Entra ID, Conditional Access, Defender, Purview, DLP, Information Protection, Copilot, Microsoft Server, AD, Exchange, RDS, SQL, Hyper-V, VMware

Security & Networking – Security-by-design, Cisco Umbrella, DNS-layer security, Networking knowledge

Programming & Scripting – Python, Java, Spring Boot, REST APIs, Shell Scripting

Databases – PostgreSQL, MySQL, Oracle

DevOps & CI/CD – Docker, Jenkins, Git, CI/CD

Project Management & Agile – Jira, Confluence, Scrum

PROJECTS

Azure Security and Governance Framework

- Designed and implemented a comprehensive security framework for Azure environments, incorporating **Entra ID** for identity management and **Conditional Access** policies to enforce granular access controls.
- Configured **Microsoft Purview** for data classification and **DLP** across multiple client tenants, establishing automated alerts for potential data leakage incidents.
- Deployed and managed **Azure Firewall** and **Network Security Groups (NSGs)** to create segmented and secure network zones for client applications.

M365 Tenant Modernization and Security Uplift

- Led a Microsoft 365 tenant modernization initiative for an enterprise client, migrating user data and applications while integrating advanced security features.
- Implemented **Microsoft Defender for Office 365** and **Information Protection** policies, reducing the risk of phishing attacks and unauthorized data sharing by an estimated **28%**.
- Developed automated scripts using **Python** and **PowerShell** to streamline the deployment of security configurations and user onboarding processes.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
