+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • Stamp 1G — Full-Time Work Eligible

PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained **Java Spring Boot** REST APIs for internal services, handling requests for core application data and reducing latency by **18%**.
- Engineered **Python** scripts to automate data extraction and transformation from disparate sources, supporting daily reporting cycles for operational teams.
- Managed production support for enterprise applications on **AWS**, responding to P1/P2 incidents, analyzing logs in **Splunk**, and ensuring service level agreements were met.
- Collaborated with educators and administrative staff to gather requirements for new learning platforms, translating needs into functional specifications for system enhancements.
- Designed and implemented interactive **Power BI** dashboards to visualise student performance metrics and identify trends for curriculum development teams, creating **8** distinct reports.
- Participated in **Agile** ceremonies, including sprint planning and retrospectives, contributing to team velocity and improving development processes.
- Containerised backend services using **Docker** and deployed them to **AWS EC2** instances, ensuring consistent environments across development and production.

SKILLS

Programming Languages – Java, Python, SQL, R

Frameworks & Libraries – Spring Boot, pandas, NumPy, scikit-learn, Flask, FastAPI

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

Databases – PostgreSQL, MySQL, Oracle

BI & Data Analytics – Power BI, Tableau, DAX, Power Query, Data Modelling, Statistical Analysis

Tools & Methodologies – Jira, Confluence, Agile, Scrum

PROJECTS

Student Performance Analytics Dashboard (MSc Project)

- Developed a comprehensive **Power BI** dashboard aggregating student assessment data from multiple sources, enabling educators to track individual and cohort progress.
- Designed and implemented complex **DAX** measures and data models to support detailed analytical queries, facilitating insights into learning patterns and intervention needs.
- Created interactive visualisations and drill-through capabilities, providing stakeholders with a dynamic tool for performance monitoring and strategic planning.

Automated Reporting for Educational Operations (HCL Technologies)

- Built a suite of **Python** scripts to automate the generation of weekly operational reports, consolidating data from various enterprise systems, reducing manual effort by **over 75%**.
- Integrated scripts with **SQL** databases (PostgreSQL, Oracle) to extract and validate data, ensuring accuracy and consistency in reporting outputs for management review.
- Scheduled and deployed automated reports using cron jobs on **Linux** servers, streamlining the information flow to business analysts and operations teams.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
