PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained **Java Spring Boot** REST APIs for enterprise systems, handling over 500 requests per minute.
- Designed and implemented efficient data extraction and transformation routines using **Python scripting** and **SQL**, processing approximately 10 GB of data daily for reporting.
- Managed production incidents for enterprise applications, performing root cause analysis and implementing fixes within strict SLA targets, reducing critical incidents by **15%** over six months.
- Constructed and deployed containerized applications using **Docker** and managed infrastructure on **AWS EC2** instances, improving deployment consistency.
- Collaborated with operations teams to gather requirements for system enhancements, translating business needs into technical specifications for a financial-services dashboard.
- Performed extensive data validation and ad-hoc analysis using **SQL** across PostgreSQL and Oracle databases to support system integrations and data reconciliation.
- Contributed to the design and implementation of technical drawings within an **AutoCAD** environment for infrastructure projects, ensuring adherence to internal CAD standards.

SKILLS

Core Technologies – AutoCAD, Map Info, ArcGIS, Civil 3D, MicroStation, Drafting

Surveying & Design – Land Surveying Techniques, Technical Drawings, Ground Models, Road Design, CAD Standards

Regulatory & Compliance – Building Regulations, Technical Guidance Documents, Mapping Queries, Land Registry

Software & Tools – Microsoft Office Suite, PDF Software, Adobe Creative Suite

Methodologies – Agile, Scrum, Change Management, Project Coordination

Infrastructure & Operations – Local Authority Work, Technical Advisory, Supervision of Staff, Site Inspections

PROJECTS

Civil Infrastructure Design Support

- Developed technical drawings and models for civil engineering projects using **AutoCAD Civil 3D**, supporting a team of senior engineers.
- Managed the lifecycle of technical documentation, ensuring all drawings adhered to stringent **internal CAD standards** and regulatory requirements.
- Assisted in checking and reviewing survey data using specialized software to produce usable ground models for road design applications.

Technical Drawing Quality Assurance

- Implemented a quality control process for technical drawings produced in an **AutoCAD** environment, reducing review errors by **20%**.
- Provided technical guidance on mapping queries and Land Registry requirements to junior drafting staff, facilitating smoother project workflows.
- Ensured compliance with national **Building Regulations and Technical Guidance Documents** for all submitted project plans.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
