PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Administered **Windows Server 2019+** environments, including on-premise and **Microsoft 365** cloud deployments within virtualised infrastructures.
- Managed **Active Directory** environments, encompassing both on-premises and Azure AD, including configuration of **DNS**, **DHCP**, and **Group Policy**.
- Configured and maintained **Microsoft 365 services** such as Exchange Online, Intune, and SharePoint, ensuring optimal performance and user access.
- Performed daily system health checks across servers and workstations, proactively identifying and resolving issues, and collaborating with IT teams.
- Supported the deployment of **Windows operating systems** and applications using tools like **Autopilot** and **Intune**, managing updates and configurations.
- Installed, configured, and managed **Cisco switches and routers** in complex enterprise settings, ensuring network stability and connectivity.
- Managed **cybersecurity tools**, including patch management, antivirus solutions, and firewalls, reviewing security reports and implementing necessary actions.

SKILLS

Operating Systems – Windows Server 2019+, Azure AD, Linux

Cloud Services – Microsoft 365, Exchange Online, Intune, SharePoint, OneDrive, Azure, AWS (EC2/S3/Lambda/CloudWatch)

Networking – Active Directory, DNS, DHCP, Group Policy, Cisco Switches, Cisco Routers, VPN (IPSec, SSL VPN), Meraki Wireless, Networking Principles

Infrastructure – Virtualised Infrastructures, Autopilot, SCCM, SQL Server 2019+

Security – Cybersecurity Tools, Patch Management, Antivirus, Firewalls

Applications – iManage, BigHand, Elite 3E

PROJECTS

Enterprise Server and Network Administration (HCL Technologies)

- Administered production server environments running **Java Spring Boot** applications, ensuring high availability and performance for financial services clients.
- Managed network infrastructure supporting enterprise systems, including **Cisco** devices and **VPN** configurations for secure remote access.
- Implemented and maintained **SQL Server** databases, performing schema updates and ensuring data integrity for critical business operations.

Microsoft 365 and Security Enhancement (HCL Technologies)

- Configured and deployed **Microsoft 365 services**, including Exchange Online and SharePoint, for internal firm use, improving collaboration efficiency.
- Managed security tools and protocols, including **firewall** rules and **antivirus** deployment, to protect enterprise systems against threats.
- Supported the integration and administration of **Active Directory** and Group Policy to enforce security standards across user workstations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
