PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Accurately input, updated, and maintained **data** using **Microsoft Excel** and internal systems for the fleet operations department.
- Maintained organised **digital and physical filing systems**, ensuring efficient retrieval of documentation.
- Supported day-to-day **office administration tasks** across the business, liaising with internal departments to fulfil administrative requirements.
- Monitored and maintained accurate records with a strong focus on **attention to detail**, ensuring all documentation remained up-to-date.
- Processed approximately **500+ data entries** per week in **Microsoft Excel** and internal fleet management systems, ensuring high levels of accuracy.
- Assisted with general administrative duties, including **document management and record keeping**, contributing to the smooth operation of the fleet department.
- Managed **change-control processes** for system configuration updates, coordinating UAT and providing post-go-live support across interconnected enterprise systems.

SKILLS

Software – Microsoft Excel, Microsoft Office Suite

Administration – Data Entry, Record Keeping, Filing Systems, Office Support

Data Management – Data Input, Data Maintenance, Accuracy

Operations – Fleet Operations Support, Internal Department Liaison

Methodologies – Change Management, Agile Ceremonies

PROJECTS

Fleet Operations Data Management Enhancement

- Enhanced data input and maintenance processes for the fleet operations department using **Microsoft Excel**, reducing data entry errors by approximately **18%**.
- Developed and implemented a structured digital filing system for vehicle documentation and maintenance records, improving retrieval times by an estimated **30%**.
- Collaborated with operations teams to ensure accurate and up-to-date record keeping for all fleet-related administrative requirements.

Enterprise Systems Data Integrity Project

- Supported and integrated with enterprise business systems, including ERP modules, ensuring data integrity across platforms.
- Managed change-control processes for system configuration updates, coordinating user acceptance testing and post-implementation support.
- Facilitated cross-system integrations via **REST APIs** and database-level data flows across **PostgreSQL** and **Oracle** databases.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS
