PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and shipped **TypeScript** frontend features for new AI-driven products, translating concepts into production-ready code.
- Contributed to architectural decisions for evolving AI product features, ensuring scalability and maintainability of the codebase.
- Wrote comprehensive **unit and integration tests** for new frontend components and features, ensuring code quality and reliability.
- Collaborated closely with **product and design teams** to refine feature requirements and deliver user-centric AI learning tools.
- Troubleshoot and resolved real-world product challenges in a fast-paced environment, maintaining rapid iteration cycles.
- Participated in **Agile ceremonies** and sprint planning, contributing to technical estimations and roadmap discussions for AI initiatives.
- Containerized frontend build processes and deployed applications to **AWS** infrastructure using **Docker** for scalable delivery.

SKILLS

Frontend Development – TypeScript, React, Vue, Clean Code Principles, Design Patterns.

Testing – Unit Testing, Integration Testing.

AI/ML Concepts – AI-Driven Products, LLM-based Products.

Tools & Methodologies – Agile, CI/CD, Figma.

Cloud & DevOps – AWS, Docker.

PROJECTS

AI-Powered Learning Platform Enhancement

- Developed a new **TypeScript**-based user interface module for an AI-driven educational platform, focusing on interactive learning experiences.
- Implemented reusable **React** components and integrated them into the existing design system, improving UI consistency across features.
- Wrote extensive **integration tests** for the new module, ensuring seamless interaction with backend AI services and achieving 90% test coverage.

Customer Onboarding Portal for AI Tools

- Designed and built a **React**-based customer onboarding portal, streamlining the initial setup process for new users of AI learning tools.
- Integrated with a backend **Python** API to dynamically fetch and display user-specific AI configuration options.
- Collaborated with a UX designer to implement an intuitive user flow, reducing average onboarding time for pilot customers by approximately **30%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
