PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Supported production environments for enterprise applications using **Splunk** and **Dynatrace**, managing SLAs and responding to P1/P2 incidents.
- Automated data extraction and reporting tasks using **Python scripting**, processing data from PostgreSQL and MySQL databases.
- Developed and maintained REST APIs using **Java Spring Boot** for cross-service communication, implementing new features and fixing defects.
- Contributed to sales and partner operations by auditing partner programs and certifications, ensuring smooth engine operation.
- Assisted with and participated in vendor and customer events, supporting both internal briefings and larger industry gatherings.
- Shadowed the technical team in customer and vendor meetings, observing solution scoping, design, and pitching processes.
- Containerised Java Spring Boot applications using **Docker** and deployed them to **AWS EC2** instances, managing CI/CD pipelines with Jenkins.

SKILLS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Linux

Languages & Databases – Java, Python, SQL (PostgreSQL, MySQL, Oracle)

Frameworks & APIs – Spring Boot, REST APIs

Monitoring & Operations – Splunk, Dynatrace

Business & Sales Support – Partner Program Auditing, Customer Events, Sales Operations

Development Tools – Git, Jira, Confluence

PROJECTS

Automated Partner Certification Auditing Tool (HCL Technologies)

- Developed a **Python** application to automate the auditing of partner program certifications against defined criteria, reducing manual review time by **40%**.
- Integrated with internal systems via **SQL queries** to extract certification data from PostgreSQL and MySQL databases for analysis.
- Built a command-line interface for the tool, enabling operations teams to run audits on demand and generate summary reports.

Customer Event Support System (HCL Technologies)

- Created a **Java Spring Boot** microservice to manage event logistics and attendee information for customer-facing technology events.
- Designed and implemented RESTful APIs for creating, updating, and retrieving event details and attendee lists, ensuring data consistency.
- Collaborated with the marketing and sales operations teams to gather requirements and ensure the system met their needs for event coordination.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
