PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Administered and troubleshoot **Windows 10/11** and **macOS** environments for an enterprise client, resolving over **150** support tickets monthly.
- Performed root cause analysis on system and network issues, interpreting logs from **Splunk** and **Dynatrace** to identify and resolve incidents.
- Managed user accounts, permissions, and group policies within **Active Directory**, ensuring secure access to network resources for over **500** users.
- Installed, configured, and maintained hardware including laptops, desktops, and servers, facilitating prompt replacements through **RMA** processes with vendors.
- Developed **Bash** scripts to automate routine system administration tasks on Linux servers, reducing manual effort by approximately **20%**.
- Supported IT projects including software rollouts and infrastructure upgrades, adhering to change control processes and documenting system configurations.
- Provided remote support to end-users via **TeamViewer** and **RDP**, resolving an average of **10** issues per day without onsite presence.

SKILLS

Operating Systems – Windows 10/11, macOS, Linux

Networking – DNS, DHCP, TCP/IP, Subnetting, VLANs, Firewalls, Routers, Switches, VPNs

Cloud – AWS (EC2, S3, Lambda, CloudWatch), Azure, Google Cloud

Scripting & Automation – PowerShell, Bash, Python

Virtualization – VMware, Hyper-V, VirtualBox

ITSM – ITIL V4, Jira, ServiceNow, Zendesk, Incident Management, Change Management

Security – Active Directory, Group Policies, MFA, Encryption, Endpoint Security

PROJECTS

Enterprise Systems Support Automation (HCL Technologies)

- Automated the deployment and configuration of new employee workstations using **Bash** and **Python** scripts, streamlining the setup process for up to **20** new hires weekly.
- Developed a centralized log aggregation and analysis system using **Splunk** to monitor production environments, enabling faster identification of system performance bottlenecks.
- Managed incident response and SLA adherence for critical enterprise applications, coordinating with cross-functional teams to resolve P1/P2 issues within defined timelines.

Linux Server Infrastructure Hardening (HCL Technologies)

- Implemented security enhancements on **Linux** servers by configuring firewalls, hardening SSH access, and applying security patches, reducing vulnerability scan findings by **40%**.
- Wrote custom **Shell scripts** to automate system health checks and report on resource utilization (CPU, memory, disk), ensuring proactive maintenance for a fleet of **50+** servers.
- Configured and maintained monitoring agents (e.g., **Dynatrace**) on production servers to provide real-time performance insights and alert on potential issues.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
