PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained recurring reports and analyses on partner performance, segmenting data by partner tier, product category, and geography to inform GTM strategy.
- Monitored key performance indicators such as revenue contribution and catalog availability, identifying and flagging notable variations or data quality issues for cross-functional review.
- Prepared structured analytical summaries to support quarterly business reviews, extracting and consolidating data extracts, charts, and key findings for GTM leadership.
- Tracked sales performance against targets for Account Managers and BDMS, generating standard reports that provided visibility into commercial activity for GTM leadership.
- Supported pricing and margin analyses by preparing data inputs, running simulations, and generating comparison reports for commercial stakeholders.
- Assisted in modelling the commercial impact of predefined pricing and incentive scenarios, providing analytical support for new commercial initiatives with clearly defined scopes.
- Implemented and updated GTM dashboards within Power BI, ensuring data accuracy and consistency across reports used by GTM Strategy, Sales teams, and country stakeholders.

SKILLS

Data Analysis & BI – SQL, Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, Business Intelligence, Statistical Analysis, Exploratory Data Analysis, A/B Testing, Time-Series Analysis, R, RStudio

Programming & Scripting – Python, Java, Spring Boot, REST APIs, Flask, FastAPI, pandas, NumPy, scikit-learn, Shell Scripting

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux

Enterprise Systems – ERP Integration, Change Management, Jira, Confluence

Operations & Support – Production Support, SLA Management, Incident Response, Transaction Monitoring, Reconciliation Workflows, Payments Operations Dashboard Support, GDPR Awareness

PROJECTS

Partner Performance Analytics Dashboard

- Developed a Power BI dashboard to visualize key performance indicators for partner performance across multiple European markets, enabling GTM Strategy to monitor revenue contribution and catalog quality.
- Wrote complex SQL queries against transactional data to extract and aggregate performance metrics, applying DAX measures for dynamic filtering and analysis within the dashboard.
- Collaborated with GTM Strategy and Sales teams to gather requirements and refine dashboard visualizations, ensuring alignment with commercial objectives and data accessibility for non-technical stakeholders.

Commercial Initiative Impact Analysis Tool

- Built a Python-based analytical tool to model the potential commercial impact of new pricing and incentive scenarios, integrating with historical sales data.
- Designed and implemented data processing pipelines using pandas to clean and transform raw sales and pricing data, preparing it for simulation inputs.
- Provided analytical support for new commercial initiatives by generating simulation reports and flagging anomalies in pricing consistency across markets and categories.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
