PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Designed and developed **React Native** and **React Web** components for client-facing applications, ensuring consistent UI/UX across mobile and desktop platforms.
- Implemented **GraphQL** queries and mutations using **Apollo Client** to efficiently fetch and manage data for user profiles and account settings.
- Engineered **Java Spring Boot** microservices to support user authentication and authorization flows, handling approximately 15,000 requests per minute during peak hours.
- Collaborated with product managers and cross-functional teams to define technical requirements and conduct thorough design and code reviews for new feature development.
- Managed individual project priorities and deadlines effectively, delivering complex features within defined sprint timelines and contributing to release planning.
- Troubleshoot and resolved operational incidents across distributed backend services, performing in-depth root cause analysis and implementing corrective actions.
- Containerized **Java** services using **Docker** and deployed them to **AWS EKS**, configuring Kubernetes resources and monitoring application health.

SKILLS

Frontend – React Native, React Web, React Native for Web, GraphQL, Apollo Client, JSON, XML

Backend – Java, Spring Boot, JAXRS, Servlet Containers (Tomcat), REST APIs

Cloud & DevOps – AWS EC2, AWS EKS, Docker, Kubernetes, Unix/Linux, Jenkins, Git, Datadog, Splunk

Databases – PostgreSQL, MySQL, Oracle

Methodologies – Agile, Scrum, Continuous Integration, Continuous Deployment

PROJECTS

PlayStation Account Management Service

- Developed a **Java Spring Boot** backend service to manage user account data, including profile updates and preference settings, integrating with a **PostgreSQL** database.
- Implemented **RESTful APIs** using **Spring MVC** for secure data exchange, ensuring data integrity and adherence to JSON standards.
- Containerized the service using **Docker** for consistent deployment across development and production environments on **AWS EC2**.

Cross-Platform User Interface Development

- Built reusable **React Native** components for mobile applications and adapted them for web using **React Native for Web**, streamlining development effort.
- Integrated with a **GraphQL** API using **Apollo Client** to fetch and display dynamic user content, improving data loading performance by **20%**.
- Authored comprehensive unit tests using **JUnit** and **Mockito** for backend services, achieving over 85% code coverage.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
