PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Facilitated **quality education** and **continuous professional development** within the operating department for Registered Nurses, aligning with UPMC competency assessment.
- Developed and implemented **systems relating to quality improvement**, collaborating with the Quality department to maintain an online database of approved Nursing policies and protocols.
- Supported **change management** initiatives and promoted nursing developments and strategies to sustain innovations in clinical practice within the theatre department.
- Assisted the ACNO in developing and implementing **educational frameworks** for clinical pathway programmes, ensuring alignment with NMBI standards.
- Participated in clinical learning environment audits for undergraduate programmes, providing feedback to third level institutes and **ensuring optimum teaching and learning environments**.
- Designed and delivered **NMBI accredited foundation and skills programmes** based on patient needs and service requirements, collaborating with Directors of Nursing and Clinical Nurse Managers.
- Managed **production support** for enterprise applications using **Splunk** and **Dynatrace**, responding to P1/P2 incidents and maintaining service level agreements across multiple systems.

SKILLS

Clinical Education – Quality Education, Professional Development, Competency Assessment, Clinical Placements, Teaching and Learning Environments

Nursing Practice – Person Centred Care, Clinical Effectiveness, Patient Outcomes, Nursing Literature, Nursing Research

Communication & Collaboration – Interprofessional Working, Multidisciplinary Teams, Presentation Skills, Powerpoint (ppt), TEAMS, Online Educational Platforms

Healthcare Support – Healthcare Assistants, Operating Department, Peri-operative Care, Surgical Setting, NMBI Standards

IT & Systems – Splunk, Dynatrace, Databases, Online Databases, IT Support, Change Management

PROJECTS

Nursing Education Framework Development

- Designed and documented a comprehensive **nursing education framework** for a large hospital department, incorporating competency assessment and continuous professional development pathways.
- Developed standardized **training materials** and educational modules for Registered Nurses and Healthcare Assistants, ensuring alignment with national and international best practices.
- Collaborated with clinical nurse managers and department heads to gather requirements and ensure the framework supported **evidence-based practice** and patient-centred care.

Clinical Audit and Quality Improvement System

- Engineered an **online database system** for managing and tracking approved Nursing policies, protocols, and guidelines, improving accessibility and compliance monitoring.
- Developed and implemented **quality improvement initiatives**, including the formulation of policies and procedures to ensure the highest standards of patient care.
- Provided **accurate reports** on completed audits to senior management, supporting an ongoing quality improvement ethos within the hospital.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026
