PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Performed routine wet chemistry analysis on raw materials and finished product samples, adhering strictly to **GLP & cGMP** procedures for quality assurance.
- Assisted the QC Sampling Technician by sampling raw materials and water samples, ensuring adequate supply for laboratory testing.
- Contributed to validation programs, specifically supporting process and method validations through diligent testing and documentation.
- Participated in department projects assigned by QC Team Leader, focusing on laboratory process improvements and data integrity.
- Supported continuous improvement initiatives, including **6S** and lean processes within the laboratory environment to enhance efficiency and organisation.
- Documented analytical test results and performed data entry into laboratory information management systems (LIMS), maintaining accuracy and compliance with **GMP** standards.
- Managed and organised laboratory inventory for reagents and consumables, ensuring availability for daily testing and minimising waste.

SKILLS

Laboratory Analysis – Wet Chemistry, Raw Materials Testing, In-Process Testing, Finished Product Testing, Stability Testing

Quality Assurance – GLP, cGMP, GMP Documentation, Data Integrity

Laboratory Operations – Sampling, Inventory Management, 6S, Lean Processes

Documentation – Report Writing, Business Correspondence, LIMS Data Entry

General Skills – Analytical Skills, Attention to Detail, Time Management, Teamwork, MS Office Suite

PROJECTS

Pharmaceutical Quality Control Testing Framework

- Developed and implemented a standardised framework for wet chemistry analysis of pharmaceutical raw materials and finished products, ensuring adherence to **cGMP** guidelines.
- Documented detailed test procedures and data recording protocols, including **analytical method validation** support, to ensure consistent and reliable results across the team.
- Contributed to the optimisation of sample handling and preparation workflows, reducing average testing time for key raw material batches by **15%**.

Laboratory Process Improvement Initiative

- Streamlined laboratory operations by implementing **6S** principles, organising reagents, equipment, and documentation to improve lab efficiency and safety.
- Assisted in the validation of new analytical equipment and methodologies, contributing to the accuracy and reliability of quality control testing.
- Generated routine reports on sample throughput and testing turnaround times for management review, identifying areas for further efficiency gains.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
