PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained project schedules using **MS Project**, tracking progress and identifying potential delays for large-scale construction initiatives.
- Collected and analyzed project execution data to pinpoint deviations from baseline timelines and assess project risks for senior management.
- Assisted in the preparation of detailed look-ahead programs and summarized weekly and monthly project status reports for stakeholder review.
- Collaborated with site supervisors and subcontractors to gather accurate progress updates, ensuring timely input for schedule adjustments.
- Contributed to resource and cost loading activities within project schedules, aligning them with project management objectives.
- Maintained comprehensive and accurate planning documentation and project records, ensuring adherence to established protocols.
- Supported the project controls team in conducting risk analysis and developing mitigation strategies for construction project timelines.

SKILLS

Software – MS Project, Primavera P6, MS Office

Data Analysis – Data Collection, Data Analysis, Risk Analysis, Progress Monitoring

Project Management – Project Scheduling, Reporting, Documentation, Resource Loading, Cost Loading

Communication – Liaising, Stakeholder Communication, Subcontractor Coordination

Construction – Data Centre Construction, Turnkey Solutions, Large-Scale Projects

PROJECTS

Data Centre Construction Schedule Development

- Developed a detailed project schedule for a new data centre construction project using **MS Project**, incorporating civil, structural, mechanical, and electrical phases.
- Integrated progress updates from site teams and subcontractors to monitor adherence to the baseline schedule and identify critical path activities.
- Prepared weekly look-ahead reports detailing upcoming tasks, resource requirements, and potential schedule risks for project managers.

Project Controls Data Analysis & Reporting

- Analyzed project data from multiple sources to identify trends, quantify delays, and assess the impact of risks on project completion dates.
- Generated monthly progress reports summarizing key performance indicators, schedule variances, and risk mitigation actions for executive review.
- Contributed to resource allocation planning by analyzing schedule requirements and forecasting labor needs for upcoming project phases.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
