HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported the technical transfer of new **Oral Solid Dose Products** to manufacturing sites, ensuring alignment with **GMP** and regulatory standards.
- Contributed to the completion of technical support activities for maintaining **commercial product supplies**, addressing process deviations and impact assessments on product quality.
- Assisted in the definition of requirements for and review of **master batch records**, ensuring compliance with global regulatory guidelines.
- Conducted non-routine analysis of **raw materials, intermediates, and finished product samples** using laboratory instrumentation.
- Troubleshot instrumentation such as **particle size analyzers** and other measurement devices critical for material characterization.
- Applied knowledge of **current Good Manufacturing Practices (cGMPs)** in the writing and execution of SOPs, protocols, and reports.
- Supported yield improvement initiatives on site and the qualification of new **excipients and APIs**.

SKILLS

Core Competencies – Problem Solving, Attention to Detail, Adaptability, Initiative, Communication, Teamwork, Relationship Building

Manufacturing & Quality – Oral Solid Dose Products, Drug Product Formulation, Process Development, Quality by Design (QbD), GMP Manufacturing, Regulatory Requirements, Operation Excellence

Technical Investigations – Process Deviations, Impact Assessment, Product Quality, Master Batch Records, SOPs, Protocols, Reports

Laboratory & Instrumentation – Non-routine Analysis, Raw Materials, Intermediates, Finished Product Samples, Particle Size Analyzers, Material Characterization

Software & Tools – Microsoft Office Suite, JIRA, Confluence

Engineering Principles – Technical Transfer, Lifecycle Management, Third Party Manufacturing Oversight, Yield Improvement, Excipient Qualification, API Qualification, New Technologies

PROJECTS

Process Improvement for Oral Solid Dose Manufacturing

- Analyzed production data from a key manufacturing line to identify root causes for process deviations impacting yield.
- Developed and implemented revised SOPs for critical manufacturing steps, focusing on operator training and adherence to **cGMP**.
- Collaborated with quality assurance teams to validate changes and document impact assessments, supporting the introduction of a new tablet formulation.

Technical Transfer Support for New Biopharmaceutical Product

- Supported the site's technical transfer team by documenting process parameters and critical quality attributes for a new investigational drug.
- Assisted in troubleshooting minor equipment calibration issues on the packaging line, ensuring readiness for **product lifecycle management**.
- Contributed to the creation of training materials for manufacturing technicians on new handling procedures for sensitive raw materials.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
