PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the **Data Protection Commission (DPC)** relationship, serving as the primary point of contact for all data protection inquiries and monitoring ongoing regulatory requests.
- Designed and implemented **GDPR and Data Protection Act compliance planning** and advisory support for Heads of Services/Departments, ensuring adherence to legal mandates.
- Centralised and formally audited the organisational **Record of Processing Activities (RoPA)** under Article 30 of the GDPR, maintaining compliance with data processing requirements.
- Developed and delivered **GDPR awareness and education training courses** to hospital staff, promoting a culture of data protection and privacy across all departments.
- Undertook and systematically reviewed completed **Data Protection Impact Assessments (DPIAs)** for new ICT systems and processing activities, recommending mitigating steps for identified risks.
- Coordinated the end-to-end management of **Freedom of Information (FOI) requests**, acting as the formal Information Decision Maker and ensuring timely and accurate responses.
- Collaborated with the ICT manager to develop and update **ICT policies and procedures**, ensuring alignment with GDPR, privacy laws, and hospital standards.

SKILLS

Data Protection Legislation – GDPR, Data Protection Act 2018, FOI Act 2014, Irish Data Protection Laws, EU Data Protection Legislation

Compliance & Governance – Data Governance, Records Management, Information Management, Data Privacy, Regulatory Compliance

Operational Management – Data Breach Incident Management, Data Sharing Agreements (DSAs), Record of Processing Activities (RoPA), Data Subject Rights Management

Stakeholder Management – Internal & External Stakeholder Communication, Executive Reporting, Cross-functional Collaboration, Training Delivery

Process Improvement – Policy Development, Procedure Enhancement, Best Practices Implementation, Risk Assessment, Auditing

PROJECTS

GDPR Compliance Framework Implementation

- Developed a comprehensive **GDPR compliance framework** for a simulated enterprise environment, encompassing policy documentation, RoPA management, and data subject access request procedures.
- Designed and delivered an **interactive training module** for staff on data protection principles and incident reporting, achieving a 92% completion rate and positive feedback on clarity.
- Established a standardised process for **Data Protection Impact Assessments (DPIAs)**, including template creation and risk mitigation strategy definition for new data processing activities.

Freedom of Information Process Streamlining

- Mapped and re-engineered the end-to-end **Freedom of Information (FOI) request handling process**, reducing average response times by approximately 20% through improved workflow and documentation.
- Implemented a **centralised register for FOI requests and decisions**, enhancing tracking and auditability for regulatory review.
- Generated comprehensive reports on FOI request trends and compliance metrics for executive leadership, informing strategic decision-making.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
