PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed incident triage, troubleshooting, and escalation tracking for multimedia and collaboration platforms, ensuring prompt resolution for end-users.
- Monitored user experience indicators and service issues, coordinating timely resolutions to maintain seamless operations.
- Developed and maintained operational runbooks and knowledge articles, enhancing consistency and reducing recurring support challenges.
- Analyzed operational performance trends and system health checks, identifying anomalies in service continuity and incident volumes.
- Produced status reports and performance summaries for leadership, detailing key metrics and operational insights.
- Tracked service KPIs and SLAs, providing actionable recommendations to improve reliability and user satisfaction.
- Supported risk and controls activities by maintaining process documentation and ensuring adherence to global policies.

SKILLS

Core Competencies – Incident Management, Troubleshooting, Stakeholder Management, Documentation, Process Improvement, Risk & Controls, Audit Support

Collaboration Platforms – Multimedia Platforms, AV Technology, Conferencing Technology

Operations & Reporting – Service Delivery, Operational Reporting, Performance Analytics, KPI Tracking, SLA Management, System Health Checks

Tools & Technologies – Splunk, Dynatrace, CloudWatch, Jira, Confluence, Linux Shell Scripting, Git

Programming & Scripting – Python, Java, SQL, Spring Boot

Cloud & Infrastructure – AWS (EC2, S3, Lambda), Docker, Jenkins

PROJECTS

Enterprise Collaboration System Monitoring

- Designed and implemented a monitoring framework using **Splunk** and **CloudWatch** to track the health and performance of enterprise collaboration tools, reducing critical incident detection time by **18%**.
- Developed Python scripts to automate log analysis and generate daily reports on system uptime and user activity for a team of 15 support engineers.
- Collaborated with operations teams to define key performance indicators (KPIs) and service level agreements (SLAs) for multimedia service delivery.

IT Service Management Dashboard Enhancement

- Enhanced an existing **Power BI** dashboard to visualize incident trends and resolution times, enabling stakeholders to identify bottlenecks in the support workflow.
- Developed **DAX** measures and Power Query transformations to ingest and aggregate data from multiple ticketing systems, improving reporting accuracy.
- Documented the data model and reporting logic, facilitating knowledge transfer to junior analysts and improving onboarding efficiency for new team members.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
