PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Installed and configured **desktops, laptops, and peripherals** for over 50 end-users across two client sites, including application deployment and user data migration.
- Upgraded and configured **wireless access points and network switches** in a hybrid cloud environment, ensuring seamless connectivity for new office deployments.
- Carried out onsite technical support for **hardware, software, and network connectivity issues**, escalating complex problems to senior engineers and resolving approximately 15 tickets per week.
- Assisted with customer deployments of **Microsoft 365 and Azure initiatives**, including user account provisioning and basic service configuration.
- Prepared for customer visits by verifying requirements and equipment, testing completed work, and providing clear technical handovers.
- Maintained accurate records of system configurations and work completed using a **ticketing system**, contributing to service desk knowledge base updates.
- Provided **production support for enterprise applications** on Linux environments, analyzing logs in **Splunk** and responding to P1/P2 incidents to meet SLA targets.

SKILLS

Networking – Wi-Fi, Switches, Firewalls, IP addressing, DHCP, DNS, VLANs

Operating Systems – Windows Desktop, Windows Server, Linux

Cloud & Virtualization – Microsoft 365, Azure, Active Directory, Microsoft Entra ID

Hardware & Peripherals – Desktops, Laptops, Installation, Configuration, Upgrades

Support & Documentation – IT Field Service, Technical Support, Ticketing Systems, Customer Handovers

Vendor Technologies – SonicWall, Fortinet

PROJECTS

Enterprise Desktop Deployment and Configuration

- Managed the end-to-end deployment of **new desktop and laptop hardware** for a financial services client, imaging over 100 machines and installing standard business applications.
- Configured **user profiles and migrated data** from legacy systems to new endpoints, ensuring minimal disruption for business operations and maintaining data integrity.
- Developed standardized **installation checklists and handover documentation** for desktop deployments, improving consistency and reducing post-installation support requests by 15%.

Network Infrastructure Upgrade for Branch Offices

- Installed and configured **network switches and wireless access points** across multiple branch offices as part of a network refresh initiative.
- Performed **firmware upgrades on business firewalls**, coordinating with senior engineers for complex configurations and ensuring compliance with security policies.
- Documented network topology changes and device configurations in a central repository, enhancing network visibility and facilitating future troubleshooting.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
