

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Designed and implemented secure, scalable **CI/CD pipelines** in **GitLab CI**, automating build, test, and deployment processes, reducing release cycles by **30%**.
- Managed cloud-native infrastructure on **AWS** using **Terraform**, provisioning and configuring resources such as EC2 instances, S3 buckets, and VPC networks to ensure consistency and repeatability.
- Deployed and operated containerized workloads using **Docker** and **Kubernetes**, enhancing application portability and simplifying deployment across development and production environments.
- Implemented comprehensive **monitoring, logging, and alerting frameworks** using **Splunk** and **AWS CloudWatch**, enabling proactive issue detection and reducing critical incident resolution time by **20%**.
- Developed **Python** scripts to automate operational tasks, including log analysis and data validation, improving team efficiency and reducing manual effort by approximately **15 hours per week**.
- Collaborated with cross-functional teams to embed security practices throughout the software development lifecycle, including **secrets management** with **HashiCorp Vault** and vulnerability scanning.

SKILLS

Cloud & Infrastructure – AWS, Azure, GCP, Terraform, CloudFormation, Bicep/ARM, Docker, Kubernetes, AKS, EKS, GKE

CI/CD & DevOps – Azure DevOps, GitLab CI, Jenkins, Git, GitHub Actions, CI/CD Pipeline Automation

Programming & Scripting – Python, Bash, PowerShell, Java, Spring Boot

Observability & Security – Splunk, CloudWatch, Dynatrace, Monitoring, Logging, Alerting, Distributed Tracing, Secrets Management, Vault, DevSecOps

Networking & Systems – Networking Fundamentals, OSI Layers, VPNs, Firewalls, Linux, Shell Scripting, Distributed Systems, Service-to-Service Communication

Databases & Data – PostgreSQL, MySQL, Oracle, SQL, Data Warehousing, ETL, Power BI, DAX, Power Query

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Automated Cloud Environment Provisioner

- Developed an **Infrastructure as Code** solution using **Terraform** to automate the provisioning of secure and compliant cloud environments on **AWS**.

- Integrated **Docker** for containerizing applications and their dependencies, ensuring consistent deployment across stages of the pipeline.
- Implemented automated health checks and basic monitoring alerts for provisioned resources, achieving **99.9% availability** for core infrastructure components.

Real-Time Payments Operations Dashboard

- Built a **Java Spring Boot** microservice to ingest and process transaction data, feeding a real-time operations dashboard.
- Developed **REST APIs** for seamless integration with upstream financial messaging systems and downstream monitoring tools, supporting reconciliation workflows.
- Configured **Splunk** dashboards to visualize key performance indicators and alert on transaction processing anomalies, enhancing visibility into payment flows.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
