PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported complex quoting and non-standard rebating requests, ensuring alignment with enterprise **pricing policies** and operational controls for a global semiconductor client.
- Validated pricing structures, discount applications, and rebate logic for **MeetComp** requests, maintaining 99.8% accuracy across high-volume financial transactions.
- Collaborated with Sales, Distributor, and Deal Desk teams to support pre-pricing activities, streamlining the review process for over **500 deals** quarterly.
- Participated in process standardization initiatives for the Quoting & Rebating Operations (QRO) group, contributing to a **15% reduction** in average case resolution time.
- Provided practical feedback from day-to-day operations to improve **AI transformation** workflows and governance models within the QRO organization.
- Managed change-control processes for system configuration updates and post-go-live support across interconnected enterprise systems, ensuring minimal disruption to operations.

SKILLS

Sales Operations – Quoting, Rebating, Pricing, MeetComp, Sales Support, Deal Desk, Distributor Support.

Process Improvement – Process Standardization, Continuous Improvement, Workflow Automation, AI Transformation, Governance Models.

Systems & Tools – Salesforce, Pricing Systems, CRM Systems, Jira, Confluence, Jenkins, Git.

Data Analysis & Reporting – SQL, Data Validation, Data Warehousing, Power BI, DAX, Tableau, R, Python (pandas, NumPy).

Technical Skills – Java Spring Boot, Python, REST APIs, AWS, Docker, Linux, PostgreSQL, MySQL, Oracle.

Financial Operations – Rebate Programs, Discount Structures, Pricing Governance, Transaction Monitoring, Reconciliation Workflows.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Pricing & Rebate Operations Dashboard

- Developed a comprehensive **Power BI** dashboard to monitor key pricing and rebate operational metrics, enabling stakeholders to track performance against SLAs.
- Integrated data from multiple sources including CRM and internal databases using **Power Query** and **DAX** measures for complex calculations and reporting.

- Published interactive reports to business stakeholders, facilitating data-driven decisions and providing insights into pricing accuracy and rebate compliance.

Automated Deal Support Workflow

- Designed and implemented a **Python**-based automation script to pre-process standard deal requests, reducing manual effort by **40%**.
- Integrated the script with internal ticketing systems via **REST APIs** to manage request flow and status updates, improving data consistency across systems.
- Collaborated with operations teams to refine the script's logic based on feedback, enhancing its ability to handle edge cases and complex discount structures.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
