PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Executed comprehensive manual test cases for web and mobile applications, identifying and documenting over 150 defects with detailed reproduction steps and severity assessments.
- Performed smoke and regression testing on new feature releases, ensuring stability and adherence to product requirements before deployment to production.
- Collaborated with cross-functional teams, including product managers and developers, to support bug triage processes and prioritize issue resolution, reducing critical bug backlog by **30%**.
- Managed and tracked test cases and execution progress using **TestRail**, ensuring comprehensive test coverage and clear reporting for stakeholders.
- Developed and maintained Python scripts to automate data validation checks and ETL processes for operational reporting, improving data accuracy and reducing manual effort by **40%**.
- Contributed to enhancing QA processes by documenting testing procedures and standards, leading to a **15%** improvement in test case clarity and reusability.

SKILLS

Testing Tools – TestRail, Zephyr, Xray, Jira, Asana

Web & Mobile Testing – Smoke Testing, Regression Testing, Cross-Browser Testing, Mobile Device Testing, Browser Developer Tools

Programming & Scripting – Python, Java, SQL, JavaScript

Development Methodologies – Agile, Scrum, Change Management, UAT

Data Analysis & Reporting – Power BI, DAX, Power Query, Tableau, R, pandas, NumPy

Backend Technologies – Spring Boot, REST APIs, AWS, Docker, Linux

Observability & Monitoring – Splunk, CloudWatch, Dynatrace

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Mobile Application Quality Assurance Suite

- Designed and executed manual test plans for a new mobile application feature, covering functional, usability, and performance aspects across iOS and Android platforms.
- Documented and tracked defects using **Jira**, providing clear, concise bug reports that facilitated rapid developer understanding and resolution, achieving a 95% defect fix rate within sprint cycles.

- Validated application behaviour across multiple devices and OS versions, ensuring a consistent and high-quality user experience for a diverse user base.

Automated Data Validation Pipeline

- Developed a Python-based pipeline to automate the validation of data integrity for key business reports, integrating with **PostgreSQL** databases.
- Implemented checks for data consistency, completeness, and accuracy, reducing manual data verification time by **50%** and improving reporting reliability.
- Configured scheduled job execution using cron and monitored pipeline health via **Splunk**, ensuring continuous operation and timely data delivery.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
