PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Assisted project managers in the planning and execution of **new capital projects**, ensuring adherence to timelines and scope.
- Provided **mechanical engineering support** for facility upgrades and new installations, contributing to design reviews and technical submittal analysis.
- Reviewed technical submittals and maintained detailed **equipment registers and trackers** for multiple ongoing projects.
- Collaborated with **cross-functional teams** and external vendors to identify and implement timely business solutions, facilitating seamless project integration.
- Analyzed **project data** and compiled comprehensive reports for management, supporting informed decision-making on project status and resource allocation.
- Supported the preparation of technical documentation, specifications, and **Standard Operating Procedures (SOPs)** for new and existing facility systems.

SKILLS

Project Management – Capital Projects, Project Planning, Project Execution, Schedule Management, Budget Management.

Engineering Support – Mechanical Engineering, Facilities Engineering, Technical Documentation, Technical Specifications, SOP Development.

Software & Tools – AutoCAD, Revit, Microsoft Office Suite, MS Project, Jira, Confluence.

Data Analysis & Reporting – Data Analysis, Project Data Analysis, Reporting, Data Visualization.

Collaboration & Communication – Cross-functional Collaboration, Vendor Management, Contractor Liaison, Problem-Solving, Interpersonal Skills.

Risk Management – Project Risk Identification, EHS Risk Mitigation.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Facilities Project Dashboard and Reporting Tool

- Developed a **Power BI dashboard** to visualize key performance indicators for ongoing capital projects, integrating data from various sources.
- Implemented **DAX measures** and Power Query transformations to automate data ETL and reporting for project schedules, budgets, and resource allocation.

- Published interactive reports to stakeholders, enhancing visibility into project progress and identifying potential bottlenecks for proactive resolution.

Automated Equipment Tracking System

- Designed and implemented a **Python-based system** for tracking and managing equipment registers and technical submittals across multiple projects.
- Integrated with **PostgreSQL** database to store and retrieve equipment details, vendor information, and compliance documentation, reducing manual data entry by **40%**.
- Developed RESTful APIs using **Flask** to enable data access for project management teams and facilitate seamless integration with existing systems.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
