PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Led the technical delivery of **Environmental Impact Assessment Reports (EIARs)** for major infrastructure projects, ensuring compliance with **Irish planning legislation** and **EU environmental regulations**, contributing to successful project consents.
- Coordinated and reviewed complex environmental documentation, including **planning applications** and **Natura Impact Statements (NIS)**, implementing rigorous **quality assurance** processes to uphold high technical standards.
- Developed and executed environmental **consenting strategies** for large-scale projects, guiding them through statutory requirements and liaising with regulatory bodies like **An Coimisiún Pleanála**.
- Managed multidisciplinary teams, integrating inputs from **ecologists, planners, engineers**, and other specialists to produce cohesive environmental reports.
- Provided senior environmental expertise during project feasibility and optioneering stages, applying **Multi-Criteria Assessment** procedures for major infrastructure developments.
- Advised clients on EIA scope and planning implications, representing the firm in stakeholder engagements and public consultations to facilitate successful project outcomes.

SKILLS

Environmental Assessment – Environmental Impact Assessment (EIA), EIAR Screening, Natura Impact Statements (NIS), Environmental Legislation, Consenting Strategy, Planning Legislation, EU EIA Directive, Waste Management Legislation.

Project Management – Project Leadership, Multidisciplinary Team Leadership, Budget Management, Timeline Management, Stakeholder Engagement, Client Advisory, Risk Management, Scope of Work.

Technical Expertise – Optioneering Assessments, Multi-Criteria Assessment, Technical Quality Assurance, Peer Review, Environmental Planning, Sustainability, Infrastructure Projects.

Reporting & Documentation – EIAR Preparation, Planning Applications, Environmental Reports, Technical Documentation, Data Analysis.

Software & Tools – GIS, Power BI, Tableau, Python, SQL, Java, Spring Boot, AWS, Jira, Confluence.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Environmental Impact Assessment for a Major Road Scheme

- Served as the lead environmental expert, coordinating the development of the **EIAR** for a national road scheme, ensuring alignment with **Irish planning laws**.
- Managed a team of 10+ specialists including hydrologists, ecologists, and noise consultants, integrating their inputs into a comprehensive environmental report.
- Developed the **consenting strategy**, facilitating communication with **local authorities** and addressing potential environmental risks through proactive mitigation advice.

Data-Driven Environmental Monitoring Dashboard

- Designed and built an interactive dashboard using **Power BI** to visualize environmental monitoring data for a large-scale development project, enabling real-time tracking of key impact indicators.
- Developed **DAX measures** and performed data transformations using **Power Query** to consolidate data from various sources, providing actionable insights to project managers.
- Collaborated with engineering and environmental teams to define critical metrics and present findings to stakeholders, supporting informed decision-making on project sustainability.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
