

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Managed ecological input for infrastructure projects, coordinating field surveys and data analysis to support Senior Consultants and PMs in delivery, ensuring **95%** on-time completion of project milestones.
- Prepared comprehensive ecological reports, including **Ecological Impact Assessments (EIA)** and **biodiversity chapters** for Environmental Impact Assessment Reports (EIAR), adhering to best practice standards.
- Conducted terrestrial and freshwater ecological field surveys, gathering data on habitats, botany, and terrestrial mammals to inform project planning and mitigation strategies.
- Developed and maintained **GIS databases** using QGIS and ArcGIS for ecological data management, analysis, and reporting, enhancing data accuracy by **30%**.
- Engaged with external stakeholders, including regulatory bodies and community groups, to communicate project findings and address ecological concerns, facilitating smoother project approvals.
- Implemented data analysis and reporting for ecological projects using Python and SQL, automating data validation processes and reducing manual effort by **40%**.

SKILLS

Ecology & Environmental Science – Terrestrial Ecology, Freshwater Ecology, Habitats, Botany, Ornithology, Terrestrial Mammals, Bats, Ecological Impact Assessment (EcIA), Preliminary Ecological Appraisal (PEA), Environmental Impact Assessment Reports (EIAR), Biodiversity

GIS & Data Management – QGIS, ArcGIS, MapInfo, Data Analysis, Database Management

Reporting & Documentation – Concise Reporting, Technical Writing, Stakeholder Engagement, Project Management Support

Programming & Scripting – Python, SQL, R, pandas, NumPy

Software & Tools – Jira, Confluence, Jenkins, Git, Docker, AWS

Domain Knowledge – Infrastructure Projects, Water Sector, Energy Sector, Transport Sector

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Ecological Data Management and Reporting Platform

- Developed a Python-based system for ingesting and processing ecological survey data, integrating with **PostgreSQL** for efficient storage and retrieval.
- Created automated reports and visualizations using **Power BI**, enabling stakeholders to track ecological metrics and project progress, reducing reporting time by **50%**.

- Implemented data validation scripts in Python to ensure the accuracy and consistency of ecological datasets prior to analysis and reporting.

Biodiversity Impact Assessment Tool

- Designed and implemented a tool using **R** to analyze ecological survey data and generate preliminary impact assessments for infrastructure projects.
- Integrated GIS functionalities to map habitat distributions and potential impact zones, enhancing the spatial analysis capabilities for biodiversity assessments.
- Collaborated with senior environmental scientists to define reporting requirements and ensure the tool's output aligned with regulatory standards for **EIAR** submissions.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
